ASSIGNMENT OF U.S. PATENT APPLICATION

Whereas I/We,

Gary R. HEISLER of St. Pete Beach, Florida,

hereinafter referred to as "Applicant", have invented a certain new and useful invention entitled:

ENDOSCOPIC CUTTING INSTRUMENT WITH AXIAL AND ROTARY MOTION

which is described and claimed in United States Patent Application Serial No. 12/707,171 filed February 17, 2010, which is a continuation of United States Patent Application Serial No. 11/634,102 filed December 6, 2006, which in turn claims priority to United States Provisional Application Serial No. 60/831,986 filed July 19, 2006.

AND WHEREAS,

Target Medical Innovations, LLC
6201 Second Street East, Unit 93
St. Pete Beach, FL 33706

hereinafter referred to herein as "Assignee", is desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt for and sufficiency of which is hereby acknowledged, I/We do hereby sell, assign, transfer and set over unto Assignee, its legal representatives, successors, and assigns, the entire right, title and interest in and to said invention as set forth in the above-mentioned application and any modifications and/or improvements therefor (hereinafter "invention"), any patent applications in the United States and any original applications, formal applications, continuation applications, continuations-in-part applications, request for continued examination applications, divisional applications, reissue applications, re-examinations or extensions thereof, and in and to any and all patents of the United States which may be issued for said invention, and all rights to claim priority therefrom and/or thereto; and any copyright or designs associated with or in said invention, and all rights of action and damages for any past, present or future infringement relating thereto, including all rights of actions and damages from publication of the patent applications and/or issuance of any patent relating thereto;

UPON SAID CONSIDERATIONS, I/We hereby agree with the said Assignee that I/We will not execute any writing or do any act whatsoever conflicting with these presents, and that I/We will, at any time upon request, without further or additional consideration but at the expense of said assignee, execute such additional assignments and other writings and do such additional acts as said Assignee may deem necessary or
