ASSIGNMENT AND CONFIRMATION OF ASSIGNMENT

WHEREAS, we,

Daniel Robin Parker;

Christopher Jones; and

Jason Sotiris Polychronopoulos

have invented a certain invention, entitled:

MODELING AND SIMULATION METHOD

filed on 18 January 2007 and given International Patent Application No.

PCT/GB2007/000168; and

WHEREAS, Spiratech Ltd. (Employer), a corporation organized under the laws of Great Britain, having a place of business at Carrington Business Park Carrington, Manchester, UK, acquires full and exclusive interest therein:

NOW, THEREFORE, in view of exchanged good and valuable consideration, the receipt of which is hereby acknowledged, I (an inventor) identified above and signing below hereby confirm the assignment to Employer of all rights and title to said invention, patent application and derivative patent(s) and like rights throughout the world, including all patent priority rights, the right to file and prosecute international applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention and all related applications thereof including without limitation divisions, continuations, reexaminations, reissues and extensions thereof, and to receive all letters patent and like rights granted thereon, to be held and enjoyed by Employer for its own use and benefit, and for its successors and assigns to the full end of the term for which patent may be granted in any country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do and that we have not executed and will not execute any agreement or do anything in conflict herewith, and agree that we will communicate to Employer, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all documents respecting such applications, make all rightful oaths, and do everything possible to aid Employer, its successors and assigns to obtain and enforce proper patent protection for

said invention in any country.

I hereby grant Employer and its lawful agent the power to insert on this Assignment any further information which may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.
