12/694,538	US	1/27/10	Karen A. Gross et al. Single telephone number to multiple communications services Karen A. Gross et al.

(b) all patents and patent applications (i) to which any of the Patents directly or indirectly claims priority, or (ii) for which any of the Patents directly or indirectly forms a basis for priority;

(c) all reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, divisions, registrations of any item in any of the foregoing categories (a) and (b);

(d) all foreign patents, patent applications, and counterparts relating to any item in any of the foregoing categories (a) through (c), including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances;

(e) inventions, invention disclosures, and discoveries described in any of the Patents and/or any item in the foregoing categories (b) through (d) that (i) are included in any claim in the Patents and/or any item in the foregoing categories (b) through (d) or (ii) are subject matter capable of being reduced to a patent claim in a reissue or reexamination proceeding brought on any of the Patents and/or any item in the foregoing categories (b) through (d), provided that such subject matter is not presently claimed in any patent or patent application owned at any time by Assignor or its Affiliates, excluding the Patents;

(f) all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of the Patents and/or any item in any of the foregoing categories (b) through (e), including, without limitation, all causes of action and other enforcement rights for

- (1) damages,
- (2) injunctive relief, and
- (3) any other remedies of any kind

for past, current, and future infringement; and

(g) all rights to collect royalties and other payments under or on account of any of the Patents and/or any item in any of the foregoing categories (b) through (f).

For purposes of category (e) above, "*Affiliate*" means, with respect to Assignor, (i) the legal entity that ultimately controls Assignor as of the date of Assignor's signature set forth below and any successor to such entity as a result of an internal reorganization or restructuring that does not result in a Change of Control, and (ii) each organization or legally recognizable entity that is controlled by the entity described in the foregoing (i). For purposes of this definition, (a) "*control*" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a legally recognizable entity, whether through the ownership of voting shares, by contract, or otherwise, and (b) "*Change of Control*" means that another entity (other than an Affiliate existing prior to the occurrence of the following) becomes the "beneficial owner" (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of securities of the entity described in the foregoing (i) representing fifty percent (50%) or more of the total voting power represented by such entity's then outstanding voting securities.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment of Patent Rights will inure to the benefit of Assignee, its successors, assigns, and other legal representatives and will be binding upon Assignor, its successors, assigns, and other legal representatives.

IN WITNESS WHEREOF this Assignment of Patent Rights is executed on Feb. 24, 2010.
