Patent Assignment

For good and valuable consideration, the receipt of which is hereby acknowledged, LC Design, Inc. (hereafter referred to as "**Seller**") hereby grants and assigns to Autodesk, Inc., a Delaware corporation with its principal office located at 111 McInnis Parkway, San Rafael, California 94903 (hereinafter referred to as "**Autodesk**"), Seller's entire right, title and interest for the United States of America and its territorial possessions, and all foreign countries including all rights of priority, in inventions disclosed in the patents and patent applications identified on **Schedule A**, and in and to all Letters Patents of the United States of America, international and all foreign countries which may or shall be granted on said inventions, or any parts thereof, or any divisional, continuing, reissue or other applications based in whole or in part thereon, and the right to recover and take all such proceedings as may be necessary for past, present or future infringement, misappropriation or violation of the patents. Autodesk hereby accepts said Assignment. Seller further agrees, for itself, its successors and assigns to execute or procure the execution of such further documents and to perform or procure the performance of such further lawful acts or things as may be required by Autodesk to effectuate this assignment and to enable Autodesk to protect, perfect, enforce or enjoy the rights.

Seller does hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America or equivalent authority elsewhere in the world to issue such Letters Patent or equivalent as shall be granted upon said inventions or applications based thereon to Autodesk, its successors and assigns.

IN WITNESS WHEREOF, Seller and Autodesk have caused their duly authorized representatives to execute this Assignment effective as of the date first above written.
