ASSIGNMENT OF UNITED STATES PATENT RIGHTS

This ASSIGNMENT OF UNITED STATES PATENT RIGHTS is effective as of December 12, 2007 between 2Wit, LLC, a Rhode Island limited liability company ("ASSIGNOR"), and Jeffrey T. Miller, a United States citizen residing in Attleboro, Massachusetts ("ASSIGNEE").

WHEREAS, ASSIGNOR is the current Assignee of United States Patent No. 6,405,869 (the "Patent");

WHEREAS, ASSIGNOR desires to assign all of its rights, title and interest in the Patent and also in any and all United States patents and patent applications claiming priority therefrom, together with all United States provisionals, reissuances, continuations, continuations-in-part, divisions, revisions, extensions, renewals, and reexaminations of any of the foregoing, all United States rights in inventions disclosed in any of the foregoing (whether patentable or not), all United States rights in improvements to any of the foregoing, and all other United States rights of ASSIGNOR accruing under or pertaining to any of the foregoing (collectively, the "United States Patent Rights") to ASSIGNEE; and

WHEREAS, ASSIGNEE is desirous of acquiring the United States Patent Rights and both parties are desirous of executing an assignment suitable for recordation with the United States Patent and Trademark Office.

NOW, THEREFORE, ,in consideration of the premises and mutual covenants set forth in herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR does hereby contribute, assign, convey and transfer unto ASSIGNEE all right, title and interest in and to the United States Patent Rights, including without limitation the right to: (a) recover damages and claim all other relief for any past, present and future acts of infringement associated with the United States Patent Rights; (b) apply for, prosecute, and maintain the United States Patent Rights in the United States and any rights that may exist to apply for, prosecute, and maintain rights associated with the United States Patent Rights in any and all jurisdictions of the world other than the United States and under any international treaties or conventions); and (c) grant licenses, sublicenses and other interests in the United States Patent Rights. ASSIGNOR also hereby authorizes the United States Patent and Trademark Office to issue any and all patents or certificates of invention which may be granted upon any of the United States Patent Rights in the name of ASSIGNEE, as the assignee to the entire interest therein.

ASSIGNOR will, at the reasonable request of ASSIGNEE and without demanding any further consideration therefor, do all things reasonably necessary, proper, or advisable, including without limitation the execution and/or acknowledgment of specific assignments, oaths, declarations and other documents on a jurisdiction-by-jurisdiction basis for recordation by ASSIGNEE, to reasonably assist ASSIGNEE in obtaining, perfecting, sustaining, and/or enforcing the United States Patent Rights. Such assistance shall include ASSIGNOR using reasonable efforts to assist ASSIGNEE to obtain from the respective inventors, prompt production of documents, execution of petitions, oaths, powers of attorney, specifications, declarations or other papers and other assistance reasonably necessary for filing patent applications, complying with any duty of disclosure, and conducting prosecution, reexamination,

reissue, interference or other priority proceedings, opposition proceedings, cancellation proceedings, public use proceedings, infringement or other court actions and the like with respect to the United States Patent Rights; provided, however, that in the event that such assistance would require ASSIGNOR to incur anything greater than minimal expense, ASSIGNEE shall reimburse ASSIGNOR for such expense.

The terms and conditions of this Assignment of United States Patent Rights shall inure to the benefit of ASSIGNEE, its successors, assigns and other legal representatives, and shall be binding upon ASSIGNOR, its successors, assigns and other legal representatives.

IN WITNESS WHEREOF, ASSIGNOR has caused this Assignment of United States Patent Rights to be executed by its duly authorized representative.
