Agreement Regarding Confidential Information and Intellectual Property

In consideration of my employment by International Business Machines Corporation (IBM) or my continued employment at will by IBM, and the payment to me of the salary or other compensation that I shall receive during my employment, I agree as follows:

1. I will not, without IBM's prior written permission, disclose to anyone outside of IBM and its subsidiaries or use in other than IBM's and its subsidiaries' business, either during or after my employment, any confidential information or material of IBM or its subsidiaries, or any information or material received in confidence from third parties by IBM or its subsidiaries. If I leave the employ of IBM, I will return all property of IBM and its subsidiaries in my possession, including all confidential information or material such as drawings, notebooks, reports, and other documents.

Confidential information or material of IBM or its subsidiaries is any information or material:

- (a) generated or collected by or utilized in the operations of IBM or its subsidiaries that relates to the actual or anticipated business or research and development of IBM or its subsidiaries, or
- (b) suggested by or resulting from any task assigned to me or work performed by me for or on behalf of IBM or its subsidiaries, and which has not been made available generally to the public.

2. I will not disclose to IBM or its subsidiaries, use in their business, or cause them to use, any information or material which is confidential to others.
3. I will comply, and do all things necessary for IBM and its subsidiaries to comply, with the laws and regulations of all governments under which IBM and its subsidiaries do business, and with provisions of contracts between any such government or its contractors and IBM or its subsidiaries that relate to intellectual property or to the safeguarding of information.
4. I hereby assign to IBM my entire right, title and interest in any idea, invention, design of a useful article (whether the design is ornamental or otherwise), computer program and related documentation, and other work of authorship (all hereinafter called "Developments"), hereafter made or conceived solely or jointly by me, or created wholly or in part by me, whether or not such Developments are patentable, copyrightable or susceptible to other forms of protection, and the Developments:
 - (a) relate to the actual or anticipated business or research or development of IBM or its subsidiaries, or
 - (b) are suggested by or result from any task assigned to me or work performed by me for or on behalf of IBM or its subsidiaries.

In the case of any "other work of authorship," such assignment shall be limited to those works of authorship which meet both conditions (a) and (b) above.

The above provisions concerning assignment of Developments apply only while I am employed by IBM in an executive, managerial, product or technical planning, technical, research, programming or engineering capacity (including development, product, manufacturing, systems, applied science, and field engineering).

Excluded are any Developments that I cannot assign to IBM because of prior agreement with

Ames Columbia University which is effective until graduation (Give name and date or write "none").

I acknowledge that the copyright and any other intellectual property right in designs, computer programs and related documentation, and works of authorship, created within the scope of my employment, belong to IBM by operation of law.

5. In connection with any of the Developments assigned by Paragraph 4:
 - (a) I will promptly disclose them to IBM Patent Operations or IBM management as appropriate; and
 - (b) I will, on IBM's request, promptly execute a specific assignment of title to IBM, and do anything else reasonably necessary to enable IBM to secure a patent, copyright or other form of protection therefor in the United States and in other countries.
6. IBM and its subsidiaries and their licensees (direct and indirect) are not required to designate me as author of any design, computer program or related documentation, or other work of authorship assigned in Paragraph 4 when distributed publicly or otherwise, nor to make any distribution. I waive and release, to the extent permitted by law, all my rights to the foregoing.
7. I have identified on the back hereof all Developments not assigned by Paragraph 4 in which I have any right, title or interest, and which were previously made or conceived solely or jointly by me, or written wholly or in part by me, but neither published nor filed in any patent office.

If I do not have any to identify, I have written "none" on this line: none

(It is in your interest to establish that any of the above were made, conceived or written before your employment by IBM. You should not disclose them in detail, but identify them only by the titles and dates of documents describing them. If you wish to interest IBM in any of them, you may contact External Submissions at Corporate Headquarters, which will provide you with instructions for submitting them to IBM.)
