ASSIGNMENT

WHEREAS, L. Murray Dallas, an individual residing in Fairview, Texas, and Bob McGuire, an individual residing in Oklahoma City, Oklahoma are the joint owners (hereinafter collectively "ASSIGNORS") of the right, title and interest in the United States and Canadian patents (hereinafter "Patents") and are the joint owners of the right, title and interest in the United States and Canadian applications (hereinafter "Applications") all such Patents and Patent Applications as listed in Schedule A attached hereto,

WHEREAS, HWCES International, a Cayman Islands corporation, having a business address of % Oil States International, Inc, Three Allen Center, 333 Clay Street, Suite 4620, Houston, Texas 77002 (hereinafter "ASSIGNEE"), desires to acquire all right, title and interest in and to the Patents and Applications, and in and to the inventions disclosed therein:

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) each and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the ASSIGNORS and ASSIGNEE, effective as of the 1st day of May, 2005, the ASSIGNORS have assigned, sold, transferred and set over and by these presents do assign, sell transfer and set over unto said ASSIGNEE the entire right, title and interest in and to (a) said invention and worldwide rights therein; (b) said Applications, including all divisions, continuations and substitutions thereof; and (c) all Patents, including United States and Canadian patents which shall or have issued on said invention, including all reissues, renewals and extensions thereof, for the United States, its territories and possessions and all foreign countries, including the right to file corresponding applications for Letters Patent on said invention in any and all foreign countries, and to claim priority under any and all treaties and conventions to which the United States of America and Canada are signatories including the Paris Convention for the Protection of Industrial Property for such corresponding applications, or any division, continuation or substitution thereof, the same to be held and enjoyed by said ASSIGNEE, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by ASSIGNORS, had this assignment not been made.

ASSIGNORS hereby authorize and request that all Letters Patent based on said Applications and each division, continuation, substitution, reissue, renewal and extension thereof be issued to said ASSIGNEE, its successors and assigns.

The terms and conditions of this Assignment shall inure to the benefit of ASSIGNEE, its successors, assigns and other legal representatives, and shall be binding upon ASSIGNORS, their successors, assigns and other legal representatives.
