ASSIGNMENT

Whereas, we, **John K. Thomas**, a citizen of USA, residing at **Eric, Colorado**, and **Anand P. Narayan**, a citizen of USA, residing at **Boulder, Colorado** have invented certain new and useful improvements in **A METHOD AND APPARATUS FOR IMPLEMENTING PROJECTIONS IN SIGNAL PROCESSING APPLICATIONS** (hereafter "Improvements") for which we have executed an application for a United States Patent filed **November 19, 2001**, Application No. **US 09/988,219**, now U.S. Patent Number **6,856,945**, issued **February 15, 2005** (hereafter "Application"); and

Whereas, **TensorComm, Inc.** (hereafter "Assignee"), a Delaware Corporation, desires to acquire the entire right, title, and interest in and to the Improvements and the Application.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we hereby acknowledge that we have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the Assignee, its successors, legal representatives and assignees, the entire right, title, and interest throughout the world in, to and under the Improvements, and the Application (including all applications to which the Application claims priority) and all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted thereof and all reissues and extensions thereof, and all rights of priority under International Conventions and applications for Letters Patent which may hereafter be filed for the Improvements in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and we hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patents for the Improvements to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

We do hereby sell, assign, transfer, and convey to Assignee, its successors, legal representatives, and assigns any claims for damages and all remedies arising out of any violation of the rights assigned hereby that we may have that may have accrued prior to the date of assignment to Assignee, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of the said Letters Patent before or after issuance.

We hereby covenant and agree that we will communicate to the Assignee, its successors, legal representatives and assigns, any facts known to any of us respecting the Improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and aid the Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for the Improvements in all countries, provided that Assignee or its successors or assigns who request such assistance provide reasonable compensation for assistance that extends beyond execution of requested documents.
