**PATENT INVENTION
AND INTELLECTUAL PROPERTY ASSIGNMENT**

This ASSIGNMENT is effective as of April 9, 2010, by and between Kenneth Kiron, ("Assignor"), a citizen of the United States of America and residing at 505 Standish Road, Teaneck, NJ 07666, and Leveraged Innovations, LLC, ("Assignee") a Limited Liability Company organized and existing under the laws of the State of Delaware, having its principal place of business at 450 Park Avenue, 7th Floor New York, NY 10022.

WHEREAS, Assignor is the owner of all right, title and interest in the patents and pending patent applications listed on **Schedule A** attached hereto (collectively, the "Patents") and all inventions, trade secrets, and other intellectual property directly or indirectly related to the Patents and the contents thereof;

WHEREAS, Assignee is desirous of acquiring all right, title and interest in and to said Patents and all inventions, trade secrets, and other intellectual property directly or indirectly related to the Patents and the contents thereof; and

WHEREAS, Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of, all right, title, and interest in, to and under the Patents and all inventions, trade secrets, and other intellectual property directly or indirectly related to the Patents and the contents thereof, in and throughout the United States of America, its territories and all foreign countries, including the right to claim priority under United States law, any applicable foreign country's law, or international convention, and all provisionals, non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, renewals, substitutes and extensions of any of the foregoing.

NOW, THEREFORE, as of the effective date written above, Assignor, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby transfer and assign to Assignee, and Assignee hereby accepts the transfer and assignment of, all right, title, and interest in, to, and under the Patents and all inventions, trade secrets, and other intellectual property directly or indirectly related to the Patents and the contents thereof in and throughout the United States of America, its territories and all foreign countries, including the right to claim priority under United States law, any applicable foreign country's law, or international convention, and all provisionals, non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, renewals, substitutes and extensions of any of the foregoing, all rights to sue for past, present and future infringements, whether arising prior to or subsequent to the date of this Assignment, together with all causes of action and the right to collect damages and costs for all past, present and future infringements, the same to be held and enjoyed by the said Assignee, its successors and assigns, from and after the effective date above, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

IN ADDITION, Assignor covenants and agrees to execute or cause execution of any further assurance of title to any of the Patents or inventions described therein, and to, at any time, upon the request of Assignee deliver, or cause to be delivered, and execute, or cause to be executed, all papers that may be necessary or desirable to perfect the title to said inventions or

Patent Assignment

any patent which may be granted therefore in Assignee, its successors, assigns or any other legal representatives and will make, or cause to be made, all rightful oaths, or declarations, and do all lawful acts requisite for procuring the same therein, without further compensation.

IN WITNESS WHEREOF, Assignor has executed this Assignment as of the date first above written.
