PATENT AND TRADEMARK SECURITY AGREEMENT

This Patent and Trademark Security Agreement (this "Agreement") dated as of April 12, 2010, is made by HealthEdge Software, Inc., a Delaware corporation ("Grantor"), in favor of Psilos Group Managers, LLC, a Delaware limited liability company, as the duly authorized representative of the Lenders (defined below) under the Loan Agreement (defined below) (together with its successors and permitted assigns, the "Lender Representative"). Borrower and the Lender Representative are collectively referred to herein as the "Parties".

RECITALS

A. The Parties are party to a Loan and Note Purchase Agreement of even date herewith (as amended from time to time, the "Loan Agreement"), together with the lenders named therein from time to time (the "Lenders"), pursuant to which the Lenders have agreed to make a loan to Grantor.

B. The Parties are party to a Security Agreement of even date herewith (as amended from time to time, the "Security Agreement") under which the obligations owed by Grantor to the Lenders are secured.

C. Pursuant to the Loan Agreement, Grantor is required to execute and deliver to the Lender Representative, for the benefit of the Lenders, this Agreement.

D. Pursuant to the terms of the Security Agreement, Grantor has granted to the Lender Representative, for the benefit of the Lenders, a security interest in substantially all the assets of Grantor, including all right, title and interest of such Grantor in, to and under all now owned and hereafter acquired Intellectual Property (as defined in the Loan Agreement), to secure the payment of all amounts owing by Grantor under the Loan Agreement.

AGREEMENT

1. In consideration of the mutual agreements set forth herein and in the Loan Agreement, Grantor does hereby grant to the Lender Representative, for the benefit of the Lenders (ratably according to the Outstanding Balances of their respective Notes), a continuing security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property (the "Intellectual Property Collateral"), including the following (whether presently existing or hereafter created or acquired):

a. each trademark, service mark and any applications therefor, including those listed in Schedule 1, together with any renewals thereof or related thereto in the United States and in foreign jurisdictions and all goodwill associated therewith, except that any U.S. intent-to-use applications will only be assigned after an acceptable amendment to allege use or a statement of use has been filed with the U.S. Patent and Trademark Office;

b. each trademark license, including those listed on Schedule 1, together with all goodwill associated therewith;

c. all proceeds of the items identified in Section 1(a)–(b), any claim by Grantor against third parties for past, present or future infringement, both presently known and unknown, of any trademark owned by Grantor (including those listed in Schedule 1), and any trademark registration issued pursuant to a trademark application listed in Schedule 1 (items identified in Section 1(a)–(c), collectively, being the "Trademark Collateral");

d. each patent, patent application and any future patent applications, including those listed in Schedule 2, together with any divisions, provisionals, reissues, continuations, continuations-in-part, renewals and extensions thereof in the United States and in foreign jurisdictions;

e. each patent license, including, those listed in Schedule 2, together with all goodwill associated therewith; and

f. all products and proceeds of the items identified in Section 1(d)–(e), any claim by Grantor against third parties for past, present or future infringement, both presently known and unknown, of any patent owned by Grantor (including those listed in Schedule 2), and any patent issued pursuant to a patent application listed in Schedule 2 (items identified in Section 1(d)–(f), collectively, being the “Patent Collateral”).

2. This security interest is granted in conjunction with the security interests granted to the Lender Representative, for the benefit of the Lenders, pursuant to the Security Agreement and subject to limitations set forth therein. Grantor hereby acknowledges and affirms that the rights and remedies of the Lender Representative and the Lenders with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Loan Agreement and Security Agreement, the terms and provisions of which are incorporated herein by reference.
