PATENT SECURITY AGREEMENT, dated as of April 6, 2010 between HEXION SPECIALTY CHEMICALS, INC., a New Jersey corporation (the "Pledgor") and JPMORGAN CHASE BANK, N.A., as Applicable First Lien Representative (the "Applicable First Lien Representative").

Reference is made to the Third Amended and Restated Collateral Agreement dated as of January 29, 2010 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among Holdings, the U.S. Borrower, each subsidiary of the U.S. Borrower identified therein and the Applicable First Lien Representative. The Lenders have agreed to extend credit to the U.S. Borrower subject to the terms and conditions set forth in the Third Amended and Restated Credit Agreement dated as of January 29, 2010 (as amended, supplemented or otherwise modified from time to time (the "Credit Agreement")). The obligations of the Lenders to extend such credit are conditioned upon, among other things, the execution and delivery of this Agreement. Holdings and the Subsidiary Parties are affiliates of the U.S. Borrower, will derive substantial benefits from the extension of credit to the U.S. Borrower pursuant to the Credit Agreement and are willing to execute and deliver this Agreement in order to induce the Lenders to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or the Credit Agreement, as applicable. The rules of construction specified in Section 1.01(b) of the Security Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, the Pledgor, pursuant to the Security Agreement, did and hereby does grant to the Applicable First Lien Representative, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by the Pledgor or in which the Pledgor now has or at any time in the future may acquire any right, title or interest (collectively, the "Patent Collateral"):

(a) all letters patent of the United States or the equivalent thereof in any other country and all applications for letters patent of the United States or the equivalent thereof in any other country, including those listed on Schedule I (the "Patents"), and all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein.

SECTION 3. Security Agreement. The security interests granted to the Applicable First Lien Representative herein are granted in furtherance, and not in limitation of, the security interests granted to the Applicable First Lien Representative pursuant to the Security Agreement. The Pledgor hereby acknowledges and affirms that the rights and remedies of the Applicable

First Lien Representative with respect to the Patent Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.
