- (3) Garret Bonnema of Richardson, State of Texas:

have invented certain new and useful improvements in a

SWEPT SOURCE OPTICAL COHERENCE TOMOGRAPHY (OCT) METHOD AND SYSTEM

for which application Serial No. 61/170,886 was filed April 20, 2009;

for which application Serial No. 61/172,513 was filed April 24, 2009;

for which application Serial No. 61/173,714,878 was filed on April 29, 2009; and

for which a utility application is being filed concurrently herewith;

WHEREAS, D4D Technologies, LLC, a limited liability company, having its principal place of business in Richardson, Texas (hereinafter referred to as "D4D"), is desirous of acquiring the entire interest in, to and under the invention and any patents to be obtained for the invention:

NOW, THEREFORE:

Be it known that, for good and valuable consideration, the receipt of which is hereby acknowledged, I, the above named, hereby sell, assign and transfer to D4D my full and exclusive right, title and interest to said invention and all Letters Patent of the United States to be obtained therefor on said patent or any patent applications, continuations, divisions, renewals, reexaminations, substitutes or reissues thereof for the full term or terms for which the same may be granted.

I further assign to D4D all of my right, title and interest in and to said invention in all foreign countries, and all applications for Letters Patent that may evolve therefrom, including the right to claim International Convention priority.

I further covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this assignment and sale.

D4D-040

I further covenant that D4D will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent as may be known and accessible to me and I will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to D4D or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said applications, said invention and said Letters Patent that may be necessary or desirable to carry out the purposes hereof.

I further represent and warrant to D4D that the invention that is the subject matter of this patent application was neither developed in the course of or pursuant to a sponsored research agreement with any academic institution or other third party, nor was the invention developed with the use of funds or facilities administered by any academic institution or other third party.
