ASSIGNMENT

WHEREAS, I:

Ronan Sorensen
6325 Windermere Circle
North Bethesda
MD 20852

have invented certain new and useful improvements in **Method and System of Organizing Information Based on Human Thought Processes** (the Invention), for which an application for Letters Patent of the United States will be made and filed concurrently with this Assignment.

Whereas, Intellectmap Corporation (a Delaware corporation) having its place of business at 6325 Windermere Circle, North Bethesda, MD 20852 (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefore;

Now, therefore, for (i) \$1 and (ii) the grant by the Assignee to the Assignor and his heirs of a non-commercial, non-exclusive, non-assignable, non-transferable, non-sub-licensable, royalty-free, fully paid-up, worldwide, license to the Invention and any related improvements and any related intellectual property owned by Assignee as provided by the Assignee herein, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to the Invention, said application, all divisions, continuations, continuations-in-part, reissues, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue therefrom, including all reissues or extensions of such patents including all of my rights under the International Convention (collectively "the Patent Rights") save for my license grant, and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned Assignee in accordance herewith. The term of the license shall continue for duration of ownership by the Assignee and its successors and assigns of the Invention, any patents, copyrights or other intellectual property pertaining to the Invention and any patents, copyrights or other intellectual property pertaining to any related improvements.

I further authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

I represent and warrant that I have the right and authority to execute this Assignment and to convey all my right, title, and interest in the Patent Rights, and that I have not conveyed nor will convey hereafter all or part of the Patent Rights therein to a third party; and I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at
