Patent No: 6,971,707
Issued: December 6, 2005
Serial No: 10/934,429
Filed: September 7, 2004
Title: EXTENDABLE TRAILER PATIO ROOM

CORRECTIVE DOCUMENT
DECLARATION OF RON WILSON

Commissioner for Patents
Arlington, Virginia

Dear Sir:

I, RON WILSON, of the City of London, in the Province of Ontario, Canada, hereby declare as follows:

1. I make this declaration on behalf of Glendale International Corp. ("GIC") to correct an assignment (the "Assignment") and its accompanying cover sheet recorded at Reel 016074 / Frame 0131.
2. I am the former Controller of the "Glendale Recreational Vehicles" division of Glendale International Corp. ("GIC"). I was the Controller of this GIC division for approximately 26 years, and until GIC's assignment in bankruptcy on January 19, 2010 under the provisions of the *Bankruptcy and Insolvency Act of Canada*. Fasken Martineau DuMoulin LLP ("Fasken") is counsel for the trustee in bankruptcy, Ernst & Young Inc. I have extensive knowledge of the business and affairs of the "Glendale Recreational Vehicles" division of GIC. I have personal knowledge of the facts set forth below, save and except where stated to be on information and belief.
3. GIC carried on business as a manufacturer of recreational vehicles. The registered head office of GIC was 1155 North Service Road West, No. 11, Oakville, Ontario, Canada, L6M 3E3. GIC also operated a manufacturing facility and place of business located at 145 Queen Street, Strathroy, Ontario, Canada, N7G 3J6. At this location, GIC maintained its

“Glendale Recreational Vehicles” division. To the best of my information and belief, this division was never incorporated as a separate legal entity.

4. I am informed by Kevin E. Holbeche (“Holbeche”) of Fasken, and believe, that attached hereto as Exhibit “A” is a copy of the front page of U.S. Patent No. 6,971,707 (the “Patent”) which issued on December 6, 2005 in respect of an “EXTENDABLE TRAILER PATIO ROOM”. According to the front page of the Patent as shown in Exhibit “A”, I understand the Patent issued from an earlier U.S. patent application (Serial No. 10/934,429) which was filed on September 7, 2004.

5. GIC had retained Dimock Stratton LLP [formerly Dimock Stratton Clarizio LLP] (“Dimock”) to act as the registered agent for preparation and prosecution of the aforesaid application and issuance of the Patent, and to prepare the Assignment of the Patent and act as correspondent for recordal of the Assignment.

6. Terry Mullan (“Mullan”) was, at all material times, employed by GIC. Mullan was, at all material times, President of the “Glendale Recreational Vehicles” division of GIC – a position which he held for over 21 years. In this role, he was in charge of the “Glendale Recreational Vehicles” division, and he was responsible for all aspects of its management, operation and administration, including its engineering department. According to the front page of the Patent as shown in Exhibit “A”, I understand Mullan is listed as the sole inventor for the Patent. Mullan was also the officer of GIC who instructed Dimock with respect to, among other things, the preparation and recordal of the Assignment.

7. It was the practice of GIC and its employees for intellectual property created by its employees to be assigned to and held in the name of GIC. To the best of my information and belief, at all material times, it was the intent of both GIC and Mullan for the Patent and the invention described therein to be for the benefit of GIC, and to be assigned to and held in the name of GIC.

8. I am informed by Holbeche, and believe, that attached hereto as Exhibit “B” are copies of the emails dated October 6, 2000 between Mullan and Michelle Nelles (“Nelles”), then of Dimock, which were provided to Holbeche by Dimock. According to an email dated October 6, 2000 at 4:24 p.m. as shown in Exhibit “B”, I understand Mullan replied to an earlier email from Nelles – which had enclosed a form of retainer agreement – and stated: “Do I need to

photocopy and send back or what? I sent you the wrong company name. It is Glendale International Corp.” (emphasis added). The terry@glendalerv.com email address for Mullan used in this email correspondence was his email address at GIC.

9. I am informed by Holbeche, and believe, that attached hereto as Exhibit “C” is a copy of a Business Names Report Expired Record obtained from the Ministry of Government Services, Province of Ontario with respect to “Glendale Recreational Vehicles”. According to the Business Names Report Expired Record as shown in Exhibit “C”, I understand that GIC registered “Glendale Recreational Vehicles” as a business name at least as early as October 5, 2004, and that “Glendale Recreational Vehicles” was a registered business name of GIC at least until October 4, 2009.

10. I am informed by Holbeche, and believe, that attached hereto as Exhibit “D” are copies of the Assignment and its accompanying cover sheet as recorded at Reel 016074 / Frame 0131. From the Assignment and cover sheet, as shown in Exhibit “D”, I understand that the Assignment was prepared and recorded with Mullan named as the assignor, and with Glendale Recreational Vehicles Inc. named as the assignee. To the best of my information and belief, the assignee was incorrectly identified as Glendale Recreational Vehicles Inc., and instead, GIC – which then carried on business under its registered “Glendale Recreational Vehicles” business name – should have been correctly named and recorded as the assignee in the Assignment and cover sheet.

11. Based on the Assignment and cover sheet as shown in Exhibit “D”, I understand the Assignment and cover sheet correctly identified the assignee’s address as 145 Queen Street, Strathroy, Ontario, Canada, N7G 3J6 – being the address where the “Glendale Recreational Vehicles” division was based, and where GIC maintained its manufacturing facility and place of business.

12. Based on the Assignment and cover sheet as shown in Exhibit “D”, I understand Mullan failed to correct the mistaken naming of Glendale Recreational Vehicles Inc. as the assignee, and executed the Assignment on November 16, 2004.

13. I am informed by Holbeche, and believe, that attached hereto as Exhibit “E” is a copy of a search conducted on March 19, 2010, in Canada, for provincial and federal corporate name registrations containing the words “Glendale” and “Recreational”. Based on the search

shown in Exhibit "E", I understand the only provincial or federal corporate name registration found with both of those words was "Glendale Park Recreational Co-operative Limited". "Glendale Park Recreational Co-operative Limited" is unrelated to GIC. To the best of my information and belief, there is not now, and there has never been, a Canadian legal entity having the name Glendale Recreational Vehicles Inc.

14. To the best of my information and belief, the Assignment and its accompanying cover sheet which mistakenly named Glendale Recreational Vehicles Inc. as the assignee of the Patent simply included an error in the proper corporate name of GIC, and at all times, the assignee of the Patent should have been GIC.

15. Mullan's employment by GIC terminated as a result of the aforesaid bankruptcy of GIC.

16. As aforesaid, I make this declaration on behalf of GIC to correct the Assignment and cover sheet recorded at Reel 016074 / Frame 0131. Exhibit "F" hereto includes true copies of the original Assignment and the previously recorded cover sheet, with the corrections made therein – i.e., by lining out "Glendale Recreational Vehicles Inc." and substituting therefor "Glendale International Corp." I have initialled and dated the corrections made therein. To the best of my information and belief, the information provided on the newly corrected cover sheet which is submitted herewith is true and correct.

17. I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that wilful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such wilful false statements may jeopardize the validity of any patent to which this verified statement is directed.
