**CONFIRMATORY LICENSE
TO THE UNITED STATES OF AMERICA**

Lucent Technologies Inc., (hereinafter referred to as "Lucent") having an office at 600-700 Mountain Avenue, Murray Hill, NJ 07974, has determined that the invention defined by the specified claims of the patent application identified below is a "Subject Invention," under the Patent Rights Clause, FAR 52.227-12, dated April, 1984, included in Contract No. HR0011-06-C-0110, and this document is confirmatory of all rights granted to the Government under such clause.

Serial No.: 12/155184

Filing Date: May 30, 2008

Title: Wideband RF Detection

Inventors: Morgan, Dennis R.

Case: 17

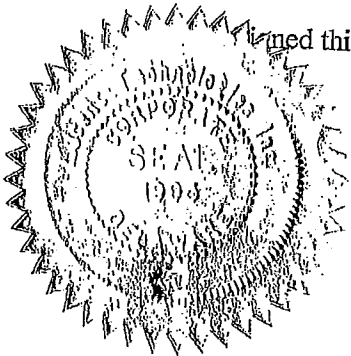

Specified Claims: All

Nothing contained herein shall be deemed to grant rights or licenses under any other inventions, patents or applications for patents.

Lucent agrees that the Government is not estopped at any time to contest the enforceability, validity, or scope of or title to the patent application identified above or any patent resulting therefrom.

It is understood and agreed that this document does not preclude the Government from asserting rights under the provisions of said contract or of any other agreement between the Government and Lucent, or any other rights of the Government with respect to inventions.

Witnessed this 7 day of August, 2008.
