**- Assignee -**

**Preamble**

Assignor informed Assignee pursuant to Sec. 16 (1) German Employee Invention Act ("GEIA") that it intends to abandon several patent applications regarding inventions, for which Assignee is designated as co-inventor.

Assignee requested the transfer of two of these patent applications within the three month deadline under Sec. 16 (2) GEIA.

The further co-inventors for these two patent applications waived their rights under Sec. 16 (2) GEIA or have not requested transfer of their co-ownership share in a timely manner.

Assignor wishes to transfer these two patent applications completely to Assignee and Assignee wishes to become owner of these two patent applications.

Assignor wishes to retain a non-exclusive right to use these two patent applications and has therefore retained such right in its abandonment letters.

Therefore, the parties agree as follows:

**1. ASSIGNMENT OF PATENT APPLICATIONS**

Assignor hereby assigns to Assignee the patent applications WO2009060281 and WO2008142513 ("Patent Applications") including all rights to the respective inventions together with all related rights and obligations. Assignor consents to the registration of the Patent Applications to Assignee. Assignee hereby accepts this assignment.

**2. TRANSFER OF FILES, REGISTRATION OF ASSIGNMENT**

2.1 Assignor will transfer the files regarding the Patent Applications to Assignee no later than two weeks after signature of this Agreement by both parties.
