We, John A. SALENTINE, residing in Goleta, California, and Kenneth S. COLLIN, JR., residing in Ojai, California, respectively, represent that we have invented improvements in a new and useful, **"RETRACTING TETHER FOR CELL PHONES, PAGERS, & PDAS"**, for which we have executed an application for Letters Patent of the United States of America.

("HAMMERHEAD") is a corporation organized and existing under the laws of the State of California, has a place of business at 1501 Goodyear Avenue, Ventura, California 93003, and desires to acquire the entire right, title and interest in and to the invention, application and letters patent to be granted and issued thereon.

For valuable consideration, the receipt and legal sufficiency of all of which we acknowledge, we have sold and do hereby sell, assign, transfer and set over unto HAMMERHEAD, its successors and assigns, the entire right, title and interest in and to the invention and all improvements thereon, in and to the application for letters patents thereon, in and to applications pertaining to or based upon the invention and application, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

We also authorize and empower HAMMERHEAD, its successors and assigns to apply for and obtain, in its or their own names, letters patent for the invention before competent International Authorities and in any and all countries foreign to the United States in which applications for letters patent can be so made or letters patent so obtained.
