ASSIGNMENT

Whereas, Christopher J. Ryan, a citizen of New York, residing at 115 Downing Road, Pleasant Valley, NY 12569 has invented an invention entitled: "Portable Water Treatment Plant" for which he has made application for Letters Patent of the United States of America; and

Whereas, Watertronics, a limited liability company registered in the state of Wisconsin and residing at 525 Industrial Drive, Hartland, Wisconsin 53029, and World Water Solutions, a limited liability company registered in the state of New York and residing at 29 Firemens Way, Poughkeepsie, NY 12603 both desire to acquire the entire right, title and interest in and to said invention, in that Watertronics and World Water Solutions have provided the time, equipment and resources in order for said invention to be developed:

Now, therefore, for good and valuable consideration being the payment of patent application costs, payment of patent application fees, payment for past and continued employment, payment of one dollar, and the receipt of which is hereby acknowledged, Christopher J. Ryan by these presents does sell, assign and transfer an equal interest unto said Watertronics and World Water Solutions, its successors and assigns, all right, title and interest, in the United States of America and all foreign countries, in and to said invention as described in a patent application executed by him on May 7, 2010 concerning subject matter of said invention, and to any improvements on said invention heretofore or hereafter made by him during the pendency of the aforesaid patent application, and any divisions or continuations, which may be filed in the United States of America or foreign, which may be granted on said invention and said improvements to said invention; said patent application having Serial Number 12/775,914 and was filed on May 7, 2010; Christopher J. Ryan hereby authorizes the Commissioner of Patents and Trademarks to issue all Patents on said United States of America applications arising out of said invention and improvements to said invention to said Watertronics and World Water Solutions as assignees thereof; and

For said consideration, I, Christopher J. Ryan, hereby covenant and agree that I am the owner of the full title herein assigned and have the right to assign the same, and agree that I will communicate to said Watertronics and World Water Solutions or its representatives any facts known to us respecting said invention and testify in any legal proceedings relating thereto when called upon, and will sign all instruments and documents and render such assistance which, in the judgment of Watertronics and World Water Solutions, is necessary to vest and protect the legal title sought to be assigned to it.

Inventor: Christopher J. Ryan
Christopher J. Ryan

Date: 5-18-10

ASSIGNMENT

Whereas, Andrew J. Castro, a citizen of New York, residing at 125 Wisseman Road, NY 12540 has invented an invention entitled: "Portable Water Treatment Plant" for which he has made application for Letters Patent of the United States of America; and

Whereas, Watertronics, a limited liability company registered in the state of Wisconsin and residing at 525 Industrial Drive, Hartland, Wisconsin 53029, and World Water Solutions, a limited liability company registered in the state of New York and residing at 29 Firemens Way, Poughkeepsie, NY 12603 both desire to acquire the entire right, title and interest in and to said invention, in that Watertronics and World Water Solutions have provided the time, equipment and resources in order for said invention to be developed:

Now, therefore, for good and valuable consideration being the payment of patent application costs, payment of patent application fees, payment for past and continued employment, payment of one dollar, and the receipt of which is hereby acknowledged, Andrew J. Castro by these presents does sell, assign and transfer an equal interest unto said Watertronics and World Water Solutions, its successors and assigns, all right, title and interest, in the United States of America and all foreign countries, in and to said invention as described in a patent application executed by him on May 7, 2010 concerning subject matter of said invention, and to any improvements on said invention heretofore or hereafter made by him during the pendency of the aforesaid patent application, and any divisions or continuations, which may be filed in the United States of America or foreign, which may be granted on said invention and said improvements to said invention; said patent application having Serial Number 12/775,914 and was filed on May 7, 2010; Andrew J. Castro hereby authorizes the Commissioner of Patents and Trademarks to issue all Patents on said United States of America applications arising out of said invention and improvements to said invention to said Watertronics and World Water Solutions as assignees thereof; and

For said consideration, I, Andrew J. Castro, hereby covenant and agree that I am the owner of the full title herein assigned and have the right to assign the same, and agree that I will communicate to said Watertronics and World Water Solutions or its representatives any facts known to us respecting said invention and testify in any legal proceedings relating thereto when called upon, and will sign all instruments and documents and render such assistance which, in the judgment of Watertronics and World Water Solutions, is necessary to vest and protect the legal title sought to be assigned to it.

ASSIGNMENT

Whereas, Daniel W. Fellers, III, a citizen of Wisconsin, residing at 5920 West Range Avenue, Brown Deer, Wisconsin 53223 has invented an invention entitled: "Portable Water Treatment Plant" for which he has made application for Letters Patent of the United States of America; and

Whereas, Watertronics, a limited liability company registered in the state of Wisconsin and residing at 525 Industrial Drive, Hartland, Wisconsin 53029, and World Water Solutions, a limited liability company registered in the state of New York and residing at 29 Firemens Way, Poughkeepsie, NY 12603 both desire to acquire the entire right, title and interest in and to said invention, in that Watertronics and World Water Solutions have provided the time, equipment and resources in order for said invention to be developed:

Now, therefore, for good and valuable consideration being the payment of patent application costs, payment of patent application fees, payment for past and continued employment, payment of one dollar, and the receipt of which is hereby acknowledged, Daniel W. Fellers, III by these presents does sell, assign and transfer an equal interest unto said Watertronics and World Water Solutions, its successors and assigns, all right, title and interest, in the United States of America and all foreign countries, in and to said invention as described in a patent application executed by him on May 7, 2010 concerning subject matter of said invention, and to any improvements on said invention heretofore or hereafter made by him during the pendency of the aforesaid patent application, and any divisions or continuations, which may be filed in the United States of America or foreign, which may be granted on said invention and said improvements to said invention; said patent application having Serial Number 12/775,914 and was filed on May 7, 2010; Daniel W. Fellers, III hereby authorizes the Commissioner of Patents and Trademarks to issue all Patents on said United States of America applications arising out of said invention and improvements to said invention to said Watertronics and World Water Solutions as assignees thereof; and

For said consideration, I, Daniel W. Fellers, III, hereby covenant and agree that I am the owner of the full title herein assigned and have the right to assign the same, and agree that I will communicate to said Watertronics and World Water Solutions or its representatives any facts known to us respecting said invention and testify in any legal proceedings relating thereto when called upon, and will sign all instruments and documents and render such assistance which, in the judgment of Watertronics and World Water Solutions, is necessary to vest and protect the legal title sought to be assigned to it.

ASSIGNMENT

Whereas, Neal A. Verdegan, a citizen of Wisconsin, residing at 4242 South 95th Street, Greenfield, Wisconsin 53228 has invented an invention entitled: "Portable Water Treatment Plant" for which he has made application for Letters Patent of the United States of America; and

Whereas, Watertronics, a limited liability company registered in the state of Wisconsin and residing at 525 Industrial Drive, Hartland, Wisconsin 53029, and World Water Solutions, a limited liability company registered in the state of New York and residing at 29 Firemens Way, Poughkeepsie, NY 12603 both desire to acquire the entire right, title and interest in and to said invention, in that Watertronics and World Water Solutions have provided the time, equipment and resources in order for said invention to be developed:

Now, therefore, for good and valuable consideration being the payment of patent application costs, payment of patent application fees, payment for past and continued employment, payment of one dollar, and the receipt of which is hereby acknowledged, Neal A. Verdegan by these presents does sell, assign and transfer an equal interest unto said Watertronics and World Water Solutions, its successors and assigns, all right, title and interest, in the United States of America and all foreign countries, in and to said invention as described in a patent application executed by him on May 7, 2010 concerning subject matter of said invention, and to any improvements on said invention heretofore or hereafter made by him during the pendency of the aforesaid patent application, and any divisions or continuations, which may be filed in the United States of America or foreign, which may be granted on said invention and said improvements to said invention; said patent application having Serial Number 12/775,914 and was filed on May 7, 2010; Neal A. Verdegan hereby authorizes the Commissioner of Patents and Trademarks to issue all Patents on said United States of America applications arising out of said invention and improvements to said invention to said Watertronics and World Water Solutions as assignees thereof; and

For said consideration, I, Neal A. Verdegan, hereby covenant and agree that I am the owner of the full title herein assigned and have the right to assign the same, and agree that I will communicate to said Watertronics and World Water Solutions or its representatives any facts known to us respecting said invention and testify in any legal proceedings relating thereto when called upon, and will sign all instruments and documents and render such assistance which, in the judgment of Watertronics and World Water Solutions, is necessary to vest and protect the legal title sought to be assigned to it.
