ASSIGNMENT

WHEREAS, ASSIGNOR, comprising the following named inventor: Mark Pelusi, an Australian citizen, residing at 9/8-14 Dunblane Street, Camperdown, New South Wales, 2050 Australia, has invented, conceived, reduced to practice, inventions for a HIGH FREQUENCY OPTICAL PROCESSING (hereinafter the "Invention"), for which a United States Patent Application No. 12/664,361 was filed December 11, 2009 (hereinafter the "Application"); and

WHEREAS, ASSIGNEE, THE UNIVERSITY OF SYDNEY, a body corporate established pursuant to the University of Sydney Act 1989, having a principal place of business at Paramatta Road Sydney, New South Wales, 2006 Australia, is desirous of acquiring the entire right, title and interest in, to and under the Invention and the Application and patents to be obtained thereon;

NOW, THEREFORE, in consideration of the payment by ASSIGNEE to ASSIGNOR the sum of One Dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, ASSIGNOR does hereby sell, assign and transfer and set over to ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest, throughout the world, in the Invention and the Application, and any other intellectual property rights in the Invention including, but not limited to, any patent rights, and any patent application(s), claiming priority thereto, that have been or may hereafter be filed;

ASSIGNOR hereby covenants that no assignment, sale, agreement, charge, or other encumbrance, has been, or will be, entered into which would conflict with this assignment;

ASSIGNOR does hereby covenant and agree to provide any tangible property embodying or describing the Invention, including, without limitation, all documents, drawings, prototypes, models, test results, designs, materials, computer programs and data, and the like, which, if not presently in the possession of ASSIGNEE will be delivered to ASSIGNEE immediately upon request;

ASSIGNOR does hereby covenant and agree to do everything possible to aid ASSIGNEE, its successors, legal representatives and assigns to obtain and enforce proper patent protection for the Invention in all countries including assisting with the preparation of any application relating to the Invention;

ASSIGNOR does hereby covenant and agree not to contest the validity or enforceability of any intellectual property rights assigned herein, or to assist or request any third party to contest the validity or enforceability of any intellectual property rights assigned herein;

ASSIGNOR does hereby release and forever discharge ASSIGNEE from any and all claims, including but not limited to any debts, liabilities, damages and causes of action of whatsoever kind or nature relating to the Invention, whether or not known, suspected and unsuspected, including any and all previous agreements entered into, which now exist, or may have existed prior to the date of this assignment.

IN WITNESS WHEREOF, I have executed this instrument at University of Sydney
on the date indicated adjacent to my name.
