ASSIGNMENT OF APPLICATION

Docket Number GRUPT91

Whereas Roman Zanti and Elias Horn, herein referred to collectively as "Assignor", has/have developed a certain new and useful invention entitled Method of Positioning an Organic, Biological and/or Medical Specimen

for which an application for a United States Patent was filed on 05/11/2010
Application Serial Number 12/777,558

for which an application for a United States Patent was executed on _____

and

Whereas, ibidi GmbH of Am Klopferspitz 19, 82152, Martinsried, Germany, herein referred to as "Assignee", is desirous of acquiring the entire right, title, and interest in the invention and application;

Now therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Applicant sells, assigns, and transfers to Assignee the full and exclusive right to said invention in the United States, and the entire right, title, and interest in and to any and all patents that may be granted therefor in the United States. Applicant further authorizes and requests the Director of Patents and Trademarks to issue any said United States patents to Assignee, for Assignee's exclusive benefit, to the full end of the term for which any said patents may be granted, as fully and entirely as the same would have been held by Applicant if this assignment and sale had not been made.

Further, Applicant sells, assigns, and transfers to Assignee the entire and exclusive right, title, and interest in and to any and all continuation or divisional patent applications and patents that may be granted therefor in the United States. Applicant further authorizes and requests the Director of Patents and Trademarks to issue any said patents to Assignee, for Assignee's exclusive benefit, to the full end of the term for which any said patents may be granted, as fully and entirely as the same would have been held by Applicant if this assignment and sale had not been made.
