## ASSIGNMENT

This ASSIGNMENT is between BIOTROVE CORPORATION (the "Assignor"), a Delaware corporation with a place of business at 12 Gill Street, Suite 4000, Woburn, Massachusetts 01801-1728, USA, and BIOCIUS LIFE SCIENCES, INC. (the "Assignee"), a Delaware corporation having a place of business at 10P Gill Street, Woburn, Massachusetts 01801-1728, USA;

WHEREAS, Assignor and Assignee have entered into an Asset Contribution Agreement dated as of November 10, 2009 (the "Asset Contribution Agreement"); and

WHEREAS, pursuant to the Asset Contribution Agreement, Assignee desires to acquire from Assignor the entire right, title and interest in and to said inventions and in and to said United States Letters Patents listed in Attachment 1 hereto, in and to said United States Letters Patent Applications listed in Attachment 1 hereto, and in and to United States Letters Patents obtained from such United States Letters Patent Applications, and in and to foreign patent applications and patents that describe said inventions including those listed in Attachment 2 hereto;

NOW, THEREFORE, for valuable consideration received, the receipt of which is hereby acknowledged, the Assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over, unto the Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, including the right to sue for past infringement, and the above-mentioned United States Letters Patents, United States Letters Patent Applications, and United States Letters Patents obtained from such United States Letters Patent Applications, and foreign patent applications and patents that describe said inventions, and all divisions, renewals and continuations thereof, and all patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for the invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the patent under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and

designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, the same to be held and enjoyed by the Assignee, for its own use and behoof and the use and behoof of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted, as fully and entirely as the same would have been held and enjoyed by the Assignor, had this sale and assignment not been made;

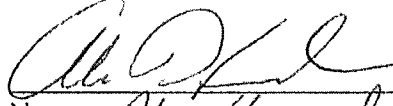

AND for the same consideration, the Assignor hereby covenants and agrees to and with the Assignee, its successors, legal representatives and assigns, that the Assignor will, whenever counsel of the Assignee, or the counsel of its successors, legal representatives and assigns, shall advise that any proceeding in connection with the above-mentioned inventions, applications for Letters Patent, or any and all Letters Patent or Patents in the United States of America and all foreign countries, is lawful and desirable, or that any division, continuation or continuation-in-part of any application for Letters Patent or any reissue or extension of any Letters Patent, to be obtained thereon, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent for said inventions, without charge to the Assignee, its successors, legal representatives and assigns, but at the cost and expense of the Assignee, its successors, legal representatives and assigns;

AND the Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

IN WITNESS WHEREOF, BIOTROVE CORPORATION has caused this Assignment to be executed by a duly authorized representative thereof.
