EXECUTION COPY

ASSIGNMENT OF PROPRIETARY RIGHTS

This Assignment of Proprietary Rights (this "Assignment") is effective as of November 29, 2004 ("Effective Date") by and between BAY TRAVELGEAR, INC., a Delaware corporation ("Seller") and THE COOLTECH CORPORATION, a Canadian corporation ("Buyer").

RECITALS

WHEREAS, Seller and Buyer are parties to that certain Asset Purchase Agreement, dated as of November 29, 2004, (the "Asset Purchase Agreement"), pursuant to which Buyer has agreed to buy from Seller, and Seller has agreed to sell to Buyer, certain assets of Seller effective as of the Effective Date;

WHEREAS, Seller desires to assign, transfer, convey and deliver all of its right, title and interest in and to the Assigned Assets (as defined below) to Buyer and Buyer desires to accept such assignment of Seller's right, title and interest in and to the Assigned Assets.

WHEREAS, the execution and delivery of this Assignment by the parties hereto is a condition to the obligations of the parties to the Asset Purchase Agreement to consummate the transactions contemplated thereby.

AGREEMENT

Capitalized terms used herein but not defined shall have the meanings set forth in the Asset Purchase Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and in the Asset Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Assignment. As of immediately prior to the Closing, Seller hereby assigns, transfers, conveys and delivers to Buyer and its successors and assigns, with such representations, warranties and covenants as are expressly set forth in the Asset Purchase Agreement, all of the right, title and interest of Seller throughout the world in and to the mark "Arctic Zone" and the trademarks and patents listed on Exhibit A attached hereto, including, without limitation, all (i) reissues, divisions, renewals, extensions, provisionals, continuations, and continuations-in-part of such trademarks and patents, (ii) causes of action and enforcement rights for the Assigned Assets, including all rights to pursue damages, injunctive relief, and other remedies for infringement of the Assigned Assets, in each case arising from and after the Closing Date, and (iii) rights to apply in any or all countries of the world for patents, certificates of invention, trademark registrations or other governmental grants for the Assigned Assets, and the registrations associated therewith (the "Assigned Assets"), and Buyer hereby accepts such assignment.

2. Authorization. Seller also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all trademarks, trade names, service marks, patents or certificates of invention which may be granted upon any of the Assigned Assets in the name of Seller, as the owner and assignee of the entire interest therein.

3. Governing Law. The validity of this Assignment, the construction of its terms and the interpretation of the rights and duties of the parties shall be governed by the domestic laws of the State of California without giving effect to any choice or conflict of law provision or rule (whether of the State of California or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of California.

4. Amendments. This Assignment may be neither amended nor any rights hereunder waived except by an instrument in writing signed by the parties hereto.

5. Headings. The headings in this Assignment are for the purpose of reference only and shall not limit or otherwise affect the meaning thereof.

6. Counterparts. This Assignment may be executed in any number of counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

7. Further Assurances. The parties shall promptly take any actions and execute any other documents that may be necessary or desirable to the implementation and consummation of the assignments and assumptions purported to be evidenced by this Assignment upon the reasonable request of any other party, including without limitation execution by Seller of a deed of assignment or similar instrument with respect to each of the Assigned Assets.

8. Severability. Any term or provision of this Assignment that is invalid or unenforceable will be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable any other provisions of this Assignment.

9. Successors and Assigns. This Assignment shall be binding upon and shall inure solely to the benefit of the parties hereto and their respective permitted successors and permitted assigns and nothing herein is intended to or shall confer upon any other Person any legal or equitable right, benefit or remedy under or by reason of this Assignment.

*[Signature Page Follows]*

IN WITNESS WHEREOF, Seller and Buyer, intending to be legally bound hereby, have caused this instrument to be executed and delivered as of the date first written above.
