EXHIBIT B

Assignment of Patent Rights

Whereas, **Garth Janke**, an individual and citizen of the United States of America, residing at 985 Downs St. S., Salem, OR 97302 (“Seller” or “Assignor”), (hereinafter “Assignor”) is the sole and exclusive owner of certain United States and/or foreign patents and/or patent applications listed in Exhibit A annexed hereto (collectively referred to as the “Patents”); and

Whereas, **Strategic Design Federation W, Inc.**, a British Virgin Islands corporation, having its principal place of business at Craigmuir Chambers, PO Box 71, Road Town, Tortola, British Virgin Islands (“Purchaser” or “Assignee”), (hereinafter “Assignee”) is desirous of acquiring the right, title and interest in, to and under said Patents.

Now, Therefore, for good and valuable consideration, the full receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, Assignor does hereby agree to sell, assign, transfer and convey and by these presents does sell, assign, transfer and convey unto the above-named Assignee, the whole and entire right, title and interest in and to any and all of the following:

- (a) said Patents, including any and all invention(s) as described in said Patents, for the territory of the United States and its possessions and territories and all foreign countries;
- (b) patent applications resulting from said Patents, including any and all related United States and foreign patent applications disclosing said invention(s), including provisionals, non-provisionals, divisions and continuations thereof, along with the rights of priority created by said patent applications under any treaty relating thereto;
- (c) United States and foreign patents which may be granted on any and all of said patent applications, including extensions, reissues and reexamination certificates thereof; and
- (d) past, current and future causes of action and enforcement rights, whether currently pending, filed, or otherwise, under said Patents and patent applications, including without limitation, all rights of Assignor to (i) sue for past, current and future infringements of the Patents, including the right to license and to collect and receive any damages, royalties, injunctive relief, and/or any other settlements or remedies for such infringements, and (ii) sue under any past, current and future causes of action relating to any

of the inventions or discoveries described or claimed in the Patents;

said Patents to be held and enjoyed by the above-named Assignee, for Assignee's own use and benefit, and for Assignee's successors and assigns to the full end of the term or terms for which said Patents may be granted, as fully and entirely as the same would have been held by the undersigned Assignor had this assignment and sale not been made; and for the aforesaid consideration Assignor hereby covenants, agrees and undertakes to communicate to said Assignee or to its nominee all known facts respecting said invention(s), application(s) and patent(s), and to testify in any legal proceedings and to execute and deliver, whenever requested by the above-named Assignee, and without undue delay, all patent applications, assignments, lawful oaths and any other papers which Assignee may deem necessary or desirable for securing to Assignee or for maintaining for Assignee all the invention(s), application(s) and patent(s) hereby assigned or agreed to be assigned all without further compensation to the undersigned Assignor.

And it is hereby covenanted that Assignor has full right to convey the entire interest herein assigned, and that Assignor has not executed and will not execute any agreement in conflict herewith.

In Witness Whereof, Assignor, by its duly authorized representatives, hereunto sets their hand and seal.
