Assignment of Rights, Title and Interest in Invention
(Multiple Inventors; Multiple Assignors; Single Assignee)

Docket No.
WHTM205

Whereas, we, the above-identified Assignors and above-identified Inventors, have, with the other above-identified Inventors, invented certain new and useful improvements in the Invention identified above and described in the above-identified patent application(s) and/or parent(s) (hereinafter referred to as "Invention");

And, whereas we desire to assign our above-identified rights, title, and interest in the Invention to the above-identified Assignee;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged;

We hereby assign, sell and transfer our above-identified rights, title and interest in said Invention, said application(s) as identified above, including any division, continuations, and continuations-in-part thereof, and in and to any and all Letters Patents of the United States, and countries foreign thereto, which may be granted or have granted for said Invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee;

And we hereby authorize and request the Director of the United States Patent and Trademark Office to issue any United States Letters Patent which may issue for said Invention to said Assignee, as assignee of our whole right, title and interest thereto;

And we further agree to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for our aforesaid Invention, as the Assignee or its Designee(s) may from time to time require and prepare at its own expense.
