## Assignment Agreement

WHEREAS, we, JESUS LEYVA RAMOS, of Cto. Maestros Ilustres #711, Col. Universitaria, San Luis Potosi, S.L.P., 78290 Mexico and GERARDO ESCOBAR VALDERRAMA, of Mariano Otero 940-4, Colonia Alamos, San Luis Potosi, SLP 78280, Mexico, hereinafter referred to as "Assignors," have invented certain new and useful improvements in

### REPETITIVE CONTROLLER FOR COMPENSATION OF PERIODIC SIGNAL

for which an application for United States Letters Patent was filed on September 2<sup>nd</sup>, 2005, and assigned Patent Application No. 11/217,682

WHEREAS, Instituto Potosino de Investigación Científica y Tecnológica A.C." (IPICYT), of Camino a la Presa San Jose 2055, San Luis Potosi, SLP 78216, Mexico, herein referred to as "Assignee," desires to acquire the entire right, title and interest in and to the aforesaid invention throughout the world, and in, to, and under any and all Letters Patent of the United States and elsewhere therefore;

NOW, THEREFORE, in consideration of adequate, and valuable consideration, the receipt of which is hereby acknowledged, we, the applicants by these presents do sell, assign, and transfer unto said Assignee the full and exclusive right, title and interest in and to said invention as described in the aforesaid application, in the United States and throughout the world, including the right to file applications under the provisions of the International Convention claiming priority of the aforesaid United States Patent Application; the right to file applications under any patent law of the United States claiming priority of the aforesaid United States Application; and the entire right, title and interest in and to any and all patents, reissues or extensions thereof to be obtained in the United States and elsewhere upon said invention, and any divisional, continuation, continuation-in-part, substitute applications, or supplementary disclosures that may be filed in the United States and throughout the world upon said invention; and I hereby authorize and request the issuing authority to issue any and all patents on said applications to Assignee.

AND, as a part of said consideration, we hereby warrant that there are no outstanding assignments, grants, liens, encumbrances, or agreements either written, oral, or implied with respect to the above-identified application for Letters Patent that will impair, diminish, limit, or abridge the interest herein conveyed at the time of the execution of this instrument by us.

We further agree without any payment by said Assignee, other than expenses incurred by the undersigned, to communicate to said Assignee, its representatives or agents, any facts relating to said invention, including evidence for interference purposes or for other proceedings, whenever requested; and to execute and deliver on request, all lawful papers required to make any of the foregoing provisions effective, and likewise to make these provisions binding upon our heirs, legal representatives, administrators, or assigns.
