(Address)

Assignor desires to assign to Assignee all right, title and interest in and to said Invention,

and all improvements, patents and patent applications on said Invention; and

NOW, THEREFORE, Assignor, for and in consideration of Ten dollars, the receipt and sufficiency of which is hereby acknowledged, and for other good and valuable consideration does hereby SELL, ASSIGN and CONVEY unto ASSIGNEE all right, title and interest throughout the world in and to:

1. The Invention;
2. All applications for patent or like protection on the Invention that have now or may in the future be made by Assignor or his legal representatives, whether in the United States of America or any other country or place anywhere in the world;
3. All patents and like protection that have now been or may in the future be granted on the Invention to Assignor or his legal representatives, whether in the United States of America or in any other place anywhere in the world;
4. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of said applications and patents and like grants, including without limitation, those obtained or permissible under past, present and future laws or statutes;
5. All rights of action on account of past, present and future unauthorized use of the Invention and for infringement of the patents and like protection;
6. The right of the Assignee to file in its name applications for patents and like protection for the Invention in the United States and in any country or countries foreign to the United States;

7. All international rights or priority associated with the Invention, applications for patents, patents and like protection; and
8. All technical information, improvements, trade secrets and know-how whether or not patented or copyrighted pertaining to said Invention.

Assignor warrants that he is not aware of anything that would affect the validity or enforceability of any patent rights or like protection on the Invention that have now been or may in the future be granted on the Invention to the Assignor, Assignee or their legal representatives, whether in the United States of America or any other country or place anywhere in the world. Assignor also warrants that he has the unencumbered right to enter this agreement and to grant the assignment made the subject hereof, and particularly warrants that his claimed title to the Invention is entirely his own without liens or encumbrances whatsoever.

Assignor covenants that Assignor, his heirs, legal representatives, assigns, administrators and executors will, at the expense of Assignee, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment. Assignor further covenants that Assignor, his heirs, legal representatives, assigns, administrators and executors will not contest the validity or enforceability of any patent rights and like protection that have now been or may in the future be granted on the Invention to the Assignor, Assignee or their legal representatives, whether in the United States of America or any other country or place anywhere in the world.

This Assignment shall be binding upon and shall inure to the benefit of the successors, assigns and legal representatives of the parties hereto.
