ASSIGNMENT (DESIGN)

On July 9, 2010, for good and valuable consideration the receipt of which is hereby acknowledged, the undersigned, and each of them if more than one, makes the following assignment **The Salvajor Company**, a Missouri corporation, having an address of 4530 East 75th Terrace, Kansas City, Missouri 64132 ("Assignee"), in connection with the undersigned's invention of a new, original, ornamental AUGER ("Invention").

1. The undersigned assigns, transfers, and conveys to Assignee the entire right, title and interest in and to each and all of the following, to-wit:

- (a) the Invention set forth and described in the specification prepared in preparation for obtaining Letters Patent in the United States of America;
- (b) the application for Letters Patent that the undersigned is about to make or has made on or in connection with the Invention, together with all extensions, renewals, additions, reissues, divisions, continuations, continuations-in-part, and reexaminations (or their legal equivalents) of or to any of said application or Letters Patent referenced herein; and
- (c) any Letters Patent which may issue in the United States or in any foreign country with respect to the Invention or as a result of said applications.

2. The undersigned authorizes and requests the United States Commissioner of Patents and Trademarks, as well as any official of any country or countries foreign, to issue to Assignee all Letters Patent or similar legal protection for the Invention or any improvements thereof.

3. The undersigned agrees that, upon request of the Assignee, provide to Assignee all known or accessible facts and documents relating to the Invention and sign and deliver to Assignee or its legal representatives any and all documents requested by Assignee in order to apply for, obtain, maintain, and enforce the Invention, the applications, and any patents issuing thereon.

4. The undersigned agrees that the undersigned has the right and power to assign the Invention, and the applications referenced above, and any rights the undersigned may have in any Letters Patent that may issue from said applications; that this Assignment is binding upon the undersigned, the parties named herein, and their heirs, administrators, legal representatives, affiliates, related parties, successors and assigns; and that the terms in this Assignment will be construed as singular, plural, masculine, feminine, or neuter as context requires.
