ASSIGNMENT

Raphael Garcia MOREIRA, residing at Rua Belo Jardim, 479, 05159-090, Pirituba/SP, BRAZIL, a citizen of Brazil (hereafter the undersigned); is the inventor of

ELECTRONIC SYSTEM AND PROTECTION METHOD FOR ELECTRIC
MOTORS

for which the undersigned executed an application for United States Letters Patent, U.S. Patent Application No. 12/644,914, filed December 22, 2009.

The undersigned hereby authorizes assignee or assignee's representative to insert the Application Number and the filing date of this application if they are unknown at the time of execution of this assignment.

BITZER COMPRESSORES LTDA, a Brazilian company, having a principal place of business at Av. Joao Paulo Ablas, 777, 06711-250, Cotia/SP, BRAZIL (hereafter referred to as the assignee), is desirous of acquiring the entire right, title and interest in said invention, all applications for and all letters patent issued on said invention.

For good and valuable consideration, the receipt and sufficiency of which is acknowledged, the undersigned, intending to be legally bound, does hereby sell, assign and transfer to the assignee and assignee's successors, assigns and legal representatives the entire right, title and interest in said invention and all patent applications thereon, including, but not limited to, the application for United States Letters Patent entitled as above, and all divisions and continuations thereof, and in all letters patent, including the right to claim priority under the Paris Convention or other treaty.

It is agreed that the undersigned shall be legally bound to execute all instruments proper to patent the invention throughout the world for the benefit of the assignee, and to execute all instruments proper to carry out the intent of this instrument.

The assignee is legally obliged to reimburse any expenses of any nature (including the payment of consultancy contract signed if the current employment in the current date is broken), the assignee will pay to fulfill its obligations as set forth in this instrument, and represent the undersigned (through their representatives and shareholders) and hold the undersigned harmless from any liability concerning the implementation and practice of this invention.

The undersigned warrants that the rights and property herein conveyed are free and clear of any encumbrance.

EXECUTED under seal on this 12 day of March, 2010
at São Paulo, Brazil. (Place)
