ASSIGNMENT AND AGREEMENT

WHEREAS I, William Arthur Wright an individual residing at 2010 Rhettisbury Street, Carmel, Indiana 46032, of the United States of America (and hereinafter referred to as "Inventor"), does hereby execute this Assignment and Agreement.

NOW THEREFORE, for value received, Inventor does hereby sell, assign and transfer to Vision Industries Incorporated, an S corporation of the State of Indiana, having an office at 1600 Gilkey Avenue, Hartford City, Indiana 47348, U.S., and a mailing address of PO Box 350, Hartford City, Indiana 47348, U.S. (hereinafter referred to as "Vision") and its successors, assigns and/or legal representatives, the entire right, title and interest, for the United States of America, in and to certain inventions related to FRAMING UNIT WITH UNIVERSAL FRAMING APPLICATIONS attorney docket number WAW001CIP, and described in United States Patent Application serial number 12/834,064 filed July 12, 2010, which is a continuation-in-part of currently co-pending U.S. Patent Application serial number 12/190,305 filed August 12, 2008 entitled UNIVERSAL STUD, which was a continuation of now abandoned U.S. Patent Application serial number 11/199,502 filed August 9, 2005 entitled UNIVERSAL STUD, which claimed priority to U.S. Provisional Patent Application serial number 60/591,371 entitled UNIVERSAL STUD, and any and all corresponding patent applications claiming the benefit of and/or priority to any of the aforesaid United States Patent Application, and all the rights and privileges in any Letters Patent resulting from any and all said patent applications; and Inventor also concurrently hereby sells, assigns and transfers to Vision the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

Inventor authorizes Vision to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

Inventor hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Vision to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

Inventor requests that any and all patents for said inventions be issued to Vision in the United States and in all countries foreign to the United States or to such nominees as Vision may designate

Inventor agrees that, when requested, I shall, without charge to Vision, but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
