ASSIGNMENT

I, Mark Gosselin, residing at 2307 19th Avenue East, Seattle, Washington 98112, am the inventor named in the above-identified United States patent application. I previously assigned the entire right, title and interest in and to the above-identified invention and related patent application, and any patents that may be granted for the invention in the United States and throughout the world, to Consumerware, Inc., a Washington corporation having a principal address at 11730 118th Avenue NE., 300, Kirkland, Washington 98034. I hereby confirm and ratify that earlier assignment, which I further acknowledge was made for adequate consideration. I understand that all rights previously assigned to Consumerware, Inc. were subsequently assigned to Cequent, Inc., a Washington corporation having a principal address at 1525 Fourth Avenue, Suite 700, Seattle, WA 98101 (hereinafter referred to as ASSIGNEE). To the extent my prior assignment to Consumerware, Inc. may be deemed ineffective or deficient in any way, I hereby assign any and all remaining right, title and interest I may have in the above-identified invention and related patent application, and any patents that may be granted for the invention in the United States and throughout the world, to ASSIGNEE, as follows:

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, I hereby assign and transfer to ASSIGNEE the entire right, title, and interest in and to the patent application, issued patent and related inventions, including all improvements, variations, derivations and inventive subject matter
