JOINT ASSIGNMENT

We, Glenn Lee, Om Prakash Yadav, Dylan Lim, believe that we are the inventors of the subject matter disclosed in the invention disclosure (hereinafter "the Invention or Inventions") identified by United Technologies Corporation invention disclosure number ID-0010110-SG, and for which a patent application has been prepared under Attorney Docket Number 1235_050 (the "Application") entitled

REPAIR OF A COATING ON A TURBINE COMPONENT

that is to be filed in Singapore and in the United States of America and possibly elsewhere.

In consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid to each of the undersigned, the receipt and sufficiency of which is hereby acknowledged, each of the undersigned agrees to assign, and hereby does assign, transfer and set over to United Technologies Corporation, a corporation incorporated in the State of Delaware, United States of America, and having a principal place of business at 1 Financial Plaza, Hartford, CT 06101, USA (hereinafter designated as the Assignee), his or her entire right, title and interest in the Invention or Inventions as represented by the aforesaid invention disclosure and/or the Application worldwide as regards all national jurisdictions and international entities that have the power to grant patents, wherever situated, including without limitation all applications for patent relating to the subject matter of the aforesaid invention disclosure and all applications for patent which claim priority to and/or the benefit of the subject matter disclosed in the Application identified herein, including any provisional application, utility application, design application, and/or plant application, as well as any continuation application, divisional application, continuation-in-part application, reissue application, reexamination application, patent interference proceeding, foreign national application and/or any application filed or to be filed under a patent treaty such as the International Convention for Protection of Industrial Property and/or the Patent Cooperation Treaty, and any Letters Patent which may be granted therefor in any jurisdiction.

In addition to the above assignment, each of the undersigned agrees to execute all papers necessary in connection with the Application and any related national applications, continuing applications, divisional applications, or continuations-in-part thereof, and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

Each of the undersigned agrees to execute all papers necessary in connection with any interference which may be declared concerning this Application or related national application or continuation or division thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference.

Each of the undersigned agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property, the Patent Cooperation Treaty or similar agreements.

Each of the undersigned agrees to perform all affirmative acts which may be necessary to obtain a grant of a valid United States Patent to the Assignee.

Each of the undersigned hereby authorizes and requests the Commissioner of Patents of the United States to issue any and all Letters Patents of the United States resulting from the Application or any divisions or continuing applications thereof to the said Assignee, as Assignee of the entire interest, and hereby covenants that he or she has full right to convey the entire interest herein assigned, and that he or she has not executed and will not execute, any agreement in conflict herewith.

Each of the undersigned hereby grants to any duly empowered legal representative, including specifically all patent practitioners associated with the Customer No. 20874, the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or with the rules of any other national or international Patent Office for recordation of this document or a true copy thereof.

In witness whereof, this instrument has been executed by the undersigned on the date opposite the respective name of the undersigned.

This assignment should preferably be signed before: (a) a U.S. Consul if outside the U.S.A. If not available, then it should be signed before at least two witnesses.
