ASSIGNMENT

WHEREAS, We, **Kelly Statham of Cleveland Heights, Ohio**; and, **Craig Huffman of Ashtabula, Ohio**, (the Undersigned Inventors) have invented certain improvements related to a **VARIABLE PATTERN HANGING MICROPHONE SYSTEM WITH REMOTE POLAR CONTROL** (the invention) and, and being the owners of the right, title and interest in and to the Invention and the Application as inventors, and having full right to convey our entire interest both legal and equitable herein assigned; and

WHEREAS, **CAD Audio, LLC., of 6573 Cochran Road, Building I, Solon, OH 44139**, a corporation of **U.S.A.** (assignee) is desirous of acquiring the entire right, title and interest in and to the Invention and the Application and any and all patents to be obtained therefore, all as hereinafter set forth:

NOW, THEREFORE, in consideration of good and valuable consideration received by the undersigned, the Undersigned Inventors do hereby sell, assign, transfer and set over unto said assignee, its successors and assigns, our entire right, title and interest in and to the Invention in any form or embodiment thereof, and in and to the Application including in and to any application filed in this or any foreign country based thereon, including the right to file said foreign applications under the provisions of the International Convention; also our entire right, title and interest in and to any and all patents or reissues or extensions thereof to be obtained in this or any foreign country upon the Invention and any divisionals, continuations, continuations-in-part or substitute applications which may be filed upon the Invention in this or any foreign country; and the Undersigned Inventors hereby authorize and request the issuing authority to issue any and all patents on the Invention to said assignee or its successors and assigns.

The Undersigned Inventors further agree to execute all divisional, continuing, substitute, improvement, extension, reissue and other patent applications in this or any foreign country relating to the Invention or the Application and to sign all other lawful papers and to perform all other lawful acts without further consideration, but without expense to ourselves, which the assignee may deem necessary or desirable to make this Assignment fully effective including by way of example, but not of limitation, the following acts:

- (1) Prompt execution of all lawful oaths, affidavits and/or supplemental oaths required or deemed advisable by the assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Assignment;
- (2) To co-operate to the best of our ability in the execution of all lawful documents, the production of evidence, and the giving of testimony in interference, opposition, nullification or infringement proceedings involving the Invention, the Application or any applications or patents upon the Invention or the Application.

The Undersigned Inventors hereby authorize said assignee to insert into this Assignment the serial number and filing date of the Application if it is not currently known.

The Undersigned Inventors, intending to be legally bound, have signed this Assignment on the date written by the Undersigned Inventors' signatures below.
