INVENTION(S), PATENT APPLICATION(S) AND/OR PATENT(S):

U.S. Patent Application Serial No. 11/818,115, filed June 13, 2007,
now U.S. Patent 7,378,070.

U.S. Patent Application Serial No. 12/125,751, filed May 22, 2008,
now abandoned.

U.S. Patent Application Serial No. 12/186,413, filed August 5, 2008.

BACKGROUND OF THIS ASSIGNMENT:

Assignor owns all right, title and interest in the above-referenced invention(s), patent application(s) and/or patent(s) which may be granted thereon, and Assignee has purchased the entire right, title and interest in

said invention(s), patent application(s) and/or patent(s) which have been or may in the future be granted in the United States and in all foreign countries.

THE PARTIES AGREE AS FOLLOWS:

In consideration of good and valuable consideration, the receipt, sufficiency and adequacy of which is hereby acknowledged, Assignor does hereby sell, assign and transfer to Assignee the entire right, title and interest in the above-identified patent application(s) and/or Letters Patent(s) which may be granted thereon, and to any reissues, reexaminations, divisions or continuations thereof, and hereby authorizes the United States Commissioner of Patents and Trademarks, and the patent office of any other applicable country, to transfer of record such Letters Patent to Assignee for the sole use of Assignee, and its successors or assigns. This transfer includes any Letters Patent that may be granted in the United States or in any foreign countries.

Assignor further agrees to execute, at the request and expense of Assignee, such other formal documents as may be required to fully convey or record the interest transferred herein and will similarly execute any application papers required for the filing of any division, continuation, reexamination or reissue of the patent application or resulting Letters Patent in the United States and any foreign countries in which protection is sought; and will generally do everything necessary or desirable, at the request and expense of Assignee, to obtain and enforce proper protection for the invention(s), patent application(s) and/or patent(s) which may issue thereon.

Assignor further assigns to Assignee the whole right, title and interest in the invention(s), patent application(s) and/or patent(s) throughout all countries foreign to the United States. Assignee is hereby authorized to apply for patents relating to the inventions in its own name in countries where such procedure is proper; to claim the benefit of the International Convention; to file and prosecute International Applications relating to the invention(s), patent application(s) and/or patent(s) under the Patent Cooperation Treaty; and to file and prosecute applications relating to the invention(s), patent application(s) and/or patent(s) under the European Patent Convention. Assignor agrees to execute applications relating to the invention(s), patent application(s) and/or patent(s) in those countries and under those conventions where it is necessary that the same be executed by the Assignor, or the inventors, and to execute assignments of such applications and the resulting Letters Patent to Assignee, as well as all other necessary papers in relation to such applications and Letters Patent.

Dated this 29th day of July, 2010.
