WHEREAS, pursuant to (1) a Pledge and Security Agreement (First Lien) dated as of May 25, 2010 (as amended and/or supplemented from time to time, the “**Security Agreement (First Lien)**”) among Weavexx, the other parties named therein as Grantors and Citicorp North America, Inc., as Collateral Agent for the Secured Parties referred to therein (in such capacity, together with its successors in such capacity, the “**Grantee**”), and (ii) certain other Credit Documents (including this Patent Security Agreement (First Lien)), the Lien Grantor has secured certain of its obligations (the “**Secured Obligations**”) by granting to the Grantee for the benefit of such Secured Parties a continuing security interest in personal property of the Lien Grantor, including all right, title and interest of the Lien Grantor in and to the Patent Collateral (as defined below);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Lien Grantor grants to the Grantee for the benefit of the Secured Parties (as defined in the Security Agreement (First Lien)), to secure the Secured Obligations, a continuing security interest in and to all of the Lien Grantor’s right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the “**Patent Collateral**”), except to the extent (and only to the extent) prohibited by a Permitted Lien (as defined in the First Lien Credit Agreement), whether now owned or existing or hereafter acquired or arising:
