ASSIGNMENT

WHEREAS, Farnaz L. YASSAEE, a citizen of the United States of America, having post office addresses of 109 Aspen Court, Norwood, New Jersey 07648, is a joint inventor of a TENODESIS SYSTEM, hereinafter called the "invention," preferred embodiments of which are disclosed in a United States patent application being assigned application Serial No. 12/763,200, and filed on April 19, 2010, and international patent application no. PCT/US10/31658, filed on April 19, 2010, which are identified as File Nos. T12118 and T12118.PCT, respectively, at the law firm of Clayton, Howarth & Cannon, P.C., P.O. Box 1909, Sandy, Utah 84091.

WHEREAS, Assignee, Shane BARWOOD, an individual having a mailing address of 4 May Street, Brighton, VIC, 3186 Australia, is desirous of acquiring the entire right, title and interest in the invention and patent application;

NOW THEREFORE, in consideration of one dollar (\$1.00) and other good and valuable consideration paid to me by the Assignee, the receipt and sufficiency of which is hereby acknowledged, I HEREBY ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in said invention the above-identified United States patent application and in all divisions, continuations and continuations-in-part of any application claiming priority hereto, or reissues or extensions of Letters Patent or Patents ultimately granted and claiming priority hereto, and in the above-identified international patent application, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and Foreign countries.

The right to file non-U.S. patent applications on said invention in his own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

I hereby authorize and request the United States Commissioner for Patents, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behoof of the said Assignee, its successors, assigns and legal representatives.

I hereby agree, without further consideration and without expense to me, to sign all lawful papers and to perform all other lawful acts which the Assignee, or the Assignee's successors, assigns and legal representatives, may request of me to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and non-U.S. patent applications on said invention, and all lawful documents requested by the Assignee, or the Assignee's successors, assigns and legal representatives, to further the prosecution of any of such patent applications.

Cooperation to the best of my ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon my heirs and legal representatives.
