**ASSIGNMENT BY INVENTORS**

**THIS ASSIGNMENT** is made by Kenneth J. Heater, residing at 5522 Forest Highland Ct., Westerville, Ohio 43082; Donald M. Bigg, residing at 221 NE Plantation Rd., #414, Stuart, Florida 34996; Jonathan L. Macarus, residing at 183 E. Tulane Rd., Columbus, Ohio 43202; and Daniel Badowski, residing at 4845 N. Galena Rd., Sunbury, Ohio 43074 (hereinafter referred to as "Assignors");

**WHEREAS**, Assignors have invented:

**CONTAINMENT SYSTEMS**

which was filed on June 8, 2010, as application No. 12/796,295.

**NOW THEREFORE**, pursuant to the obligations imposed by or arising under one or more of my employment agreement(s), advisor agreement(s), state or national statutes, common law, and administrative regulation, and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I/we hereby do make the following assignments -

To Material Engineering and Technical Support Services Corporation, a corporation created and duly organized under the laws of the state of Ohio and having a place of business at 300 Westdale Avenue, Westerville, Ohio 43082, and its successors and assigns, I/we hereby

- assign, transfer, and set over the full and exclusive worldwide right, title and interest to the above-described invention and to the above-described application for letters patent of the United States as well as any substitute, continuation, continuation-in-part, or divisional application filed thereon, to any application for letters patent of the United States that claims priority from the above-described application, to any letters patent of the United States that issues from such application(s) as well as any reissue application or request for reexamination filed on such letters patent, and to any patent application which may be filed on said invention in any foreign country as well as any foreign patent granted thereon;
- covenant and agree for myself and my legal representative(s) to

a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of said application for patent, in any interference declared on said application for patent or patent issuing therefrom, or in litigation which arises out of or is based on said invention, application for patent or patent issuing therefrom, and

b) execute all papers related to said application for patent which said assignee or its designee(s) request to be signed,

provided that expenses relating thereto shall be borne by said assignee; and

- authorize and request the Commissioner of Patents and Trademarks and Patent Office officials of any and all foreign countries to issue any letters patent of the United States relating to the above-described invention in the name of said assignee.

IN WITNESS WHEREOF, I/we have executed this document on the date next to our individual name.
