## ASSIGNMENT

WHEREAS, UCO, Inc., (the "Assignor"), a Washington corporation, having a mailing address of 23836 NE ADAMS RD, REDMOND, WA. 98053 is the owner of the invention shown and described in the following patent:

United States Design Patent entitled "ICE CREAM MAKER", US Patent No. D514,602, issued February 7, 2006, and filed November 4, 2004.

WHEREAS, Industrial Revolution, Inc., (the "Assignee"), a Washington corporation, having a place of business at 9225 151<sup>st</sup> Avenue NE, Redmond, WA 98052, is desirous of acquiring the entire right, title and interest in and to said invention and said patent, the application for said patent, and in and to any letters patent that may be granted for said invention in the United States and in any and all foreign countries.

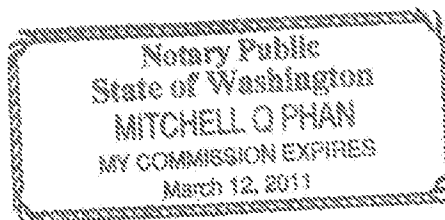

NOW, THEREFORE, in consideration of the recitals set forth above, which are incorporated herein by reference, and for other valuable consideration (as recited in that certain Asset Purchase and Sale Agreement for UCO, Inc., effected April 1, 2005, between Assignor and Assignee), the receipt and sufficiency of which are hereby acknowledged; Assignor hereby sells, quit claims, assigns and transfers to Assignee, the entire right, title and interest, *if any*, in and to said invention, said patent, said application and any and all letters patent which may be granted, or may have been granted, for said invention or result from said application in the United States and its territorial possessions and throughout the world, and in and to any and all divisions, reissues, continuations, utility models or other applications or intellectual property rights of any type covering said invention or based upon or claiming priority on said application, together with all rights of Assignor associated therewith, including the right to file additional U.S. and foreign applications for said invention directly in the name of Assignee and to claim priority rights deriving from said application by virtue of U.S. laws, international convention, treaty or otherwise, and to sue for and collect damages by reason of past infringement. Said invention, patent, applications, all letters patent which may be granted for said invention, and all other intellectual property rights covering said

invention or based upon or claiming priority on said application are to be held and enjoyed by Assignee and its successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had an assignment, transfer, quit claim and sale not been made to Assignee. Assignor hereby authorizes and requests the respective national, regional and international patent offices to issue to Assignee all letters patent which may be granted for said invention or result from said applications. Assignor agrees to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent on said invention, for litigation regarding said letters patents, or for the purpose of protecting title to said invention or letters patent therefor.
