ASSIGNMENT

Whereas, I,

(I) Paul Becker of San Carlos
the county of San Mateo and the state of California

have invented certain improvements in

MULTILAYER HEAT TRACING INSULATION DEVICE & METHOD

and filed as a United States patent application, Serial No. 12/395645 on February 28, 2009;

Whereas, Tyco Thermal Controls LLC., a Limited Liability Company of the State of Delaware, having a place of business at 2415 Bay Road, Redwood City, California (hereinafter referred to as Tyco), desires to acquire the entire right, title and interest in the application and invention, and to any United States and foreign patents to be obtained therefor;

Now therefore, for a valuable consideration, receipt whereof is hereby acknowledged, we, the above named, hereby acknowledge our prior existing obligation and hereby sell, assign, and transfer to Tyco, its successors and assigns, the entire right, title and interest in the application and invention therein disclosed for the United States and foreign countries, and all rights of priority resulting from the filing of the United States application, and we request the Commissioner of Patents to issue any Letters Patent granted upon the invention set forth in the application to Tyco, its successors and assigns; and we hereby agree that Tyco may apply for foreign Letters Patent on the invention and we will execute all papers necessary in connection with the United States and foreign applications when called upon to do so by Tyco.
