ASSIGNMENT

WHEREAS, I, James A. CROFOOT of Terrebonne, Oregon, have invented certain improvements in DUAL LINE FLY FISHING REEL, for which I filed U.S. Patent Application Serial No. 12/008,995 on January 14, 2008; and

WHEREAS, JC TECHNOLOGIES INC., an Oregon corporation, having its principal place of business in Redmond, Oregon, is desirous of acquiring an interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, I, James A. CROFOOT, have sold, assigned, and transferred, and do hereby sell, assign, and transfer, to JC TECHNOLOGIES INC., its successors and assigns, the full and exclusive right to the invention in the United States and its territorial possessions and in all foreign countries, and the entire right, title, and interest in and to any and all Letters Patent that may be granted therefore in the United States and its territorial possessions and in any and all foreign countries, and in and to any and all divisions, continuations, reissues, substitutions, and extensions thereof.

I hereby authorize and request the Patent Office officials in the United States and any and all foreign countries to issue any and all of said Letters Patent, when granted, to JC TECHNOLOGIES INC., as the assignee of my entire right, title, and interest in and to the same, for the sole use of JC TECHNOLOGIES INC., and its successors and assigns.

Further, I hereby covenant and agree to and with JC TECHNOLOGIES INC., and its successors and assigns, at the time of execution and delivery of these presents, that

I am the sole and lawful owner of the entire right, title, and interest in and to the invention and the above-identified patent application, and that the same are unencumbered, and that I have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

Further, I agree that I will communicate to JC TECHNOLOGIES INC., or its representatives, any facts known to me respecting the invention, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, reissue, substitution, and extension applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to JC TECHNOLOGIES INC., make all rightful oaths, and generally do everything possible to aid JC TECHNOLOGIES INC., and its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in any and all foreign countries.

IN TESTIMONY WHEREOF, I have hereunto set my hand this August
day of 16, 2010.

James A. CROFOOT
