ASSIGNMENT OF PATENT

WHEREAS, Howard L. Sinkoff, an individual residing in Boca Raton, Florida, United States of America (referred to herein as "Assignor"), has invented certain new and useful improvements which are the subjects of the United States Patents set forth on the attached Schedule A (collectively, the "Patents");

WHEREAS, Vutec Corporation, a corporation organized under the laws of the State of Florida and having a place of business at 11711 W. Sample Road, Coral Springs, Florida 33065, United States of America (referred to herein as "Assignee"), is desirous of acquiring Assignor's entire right, title, and interest in and to the Patents, including the right to sue for damages for all past infringement occurring prior to the execution date of this Assignment, and in and to any other patents that may be granted in the United States and in any and all foreign countries that are based in whole or in part on the subject matter set forth in any of the Patents.

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, convey and transfer unto Assignee the entire right, title and interest in and to the Patents in the United States and its territorial possessions and in all foreign countries, and the entire right, title, and interest in and to any and all patents which may be granted in the United States and its territorial possessions and in any and all foreign countries that are based in whole or in part on the subject matter set forth in any of the Patents, and in and to all divisions, reissues, continuations, re-examinations and extensions of the Patents or any other patents or patent applications resulting from the subject matter set forth in any of the Patents.

Assignor hereby authorizes and requests the United States Patent and Trademark Office and all counterpart patent offices in foreign countries to issue any and all patents, resulting in whole or in part from the subject matter set forth in any of the Patents, when granted, to Assignee as the assignee of the entire right, title, and interest in and to the same, for the sole use and enjoyment of Assignee, its successors and assigns.

Further, Assignor agrees that he will communicate to Assignee or its representatives any facts known to him respecting the Patents, and testify in any legal proceedings, sign all lawful papers, execute all division, continuation, substitution, renewal and reissue applications, execute all necessary assignment papers to cause any and all of the above-referenced patents to be issued to Assignee, make all rightful oaths and generally do everything necessary or desirable to aid Assignee, its successors and assigns, in obtaining and enforcing the Patents in the United States and in all foreign countries.
