INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "IP Security Agreement"), dated as of August 20, 2010, is made by each of the entities listed on the signature pages hereof (each a "Grantor" and, collectively, the "Grantors"), in favor of UBS AG, STAMFORD BRANCH ("UBS"), as administrative agent and collateral agent (in such capacity, together with its successors and permitted assigns, the "Collateral Agent") for the Lenders (as defined in the Credit Agreement referred to below).

WITNESSETH:

WHEREAS, pursuant to that certain Fourth Amended and Restated Credit Agreement, dated as of December 21, 2006, by and among PlayPower, Inc., a Delaware corporation (the "Borrower"), the Guarantors referred to therein, the lenders party thereto from time to time (the "Lenders"), and the Collateral Agent (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), the Lenders have severally agreed to make extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, pursuant to Sections 2 and 6(a)(i) of that certain Security Agreement, dated as of December 20, 2002, by and among the Borrower and the other Grantors signatory thereto, in favor of the Collateral Agent for the benefit of the Secured Parties (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), each of the Borrower and the other Grantors has: (1) granted a security interest in their Intellectual Property Collateral (as defined below) and (2) agreed to take such further actions as the Collateral Agent may reasonably request for the purpose of obtaining or preserving the full benefits of the Security Agreement; and

WHEREAS, pursuant to the Security Agreement, the Grantors are required to execute and deliver this IP Security Agreement.

NOW, THEREFORE, in consideration of the promises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees with the Collateral Agent as follows:

Section 1. Defined Terms. Capitalized terms used herein but not defined shall have the meanings ascribed to them in the Security Agreement.

Section 2. Grant of Security Interest in Intellectual Property Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Obligations on the terms set forth in the Credit Documents, hereby mortgages, pledges and hypothecates to the Collateral Agent, for the benefit of the Secured Parties, and grants to the Collateral Agent, for the benefit of the Secured Parties, a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the "Intellectual Property Collateral"): (a) Patents and Patent Licenses, including, without limitation, those referred to on Schedule 1 attached hereto; (b) Trademarks and Trademark Licenses (excluding any U.S. intent-to-use Trademark application, unless and until a statement of use or amendment to allege use is accepted by the

U.S. Patent and Trademark Office), including, without limitation, those referred to on Schedule 2 attached hereto; (c) Copyrights and Copyright Licenses, including, without limitation, those referred to on Schedule 3 attached hereto; and (d) all Proceeds and products thereof.

Section 3. Security Agreement. The security interest granted pursuant to this IP Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of the Collateral Agent and the Lenders with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

Section 4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with such Grantor's Intellectual Property Collateral subject to a security interest hereunder.

Section 5. Counterparts. This IP Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 6. Submission to Jurisdiction, Waivers. Each Grantor hereby irrevocably and unconditionally:

(a) submits for itself and its property in any legal action or proceeding relating to this IP Security Agreement or any of the other Credit Documents, or for recognition and enforcement of any judgment in respect thereof, to the non exclusive general jurisdiction of the courts of the State of New York located in the Borough of Manhattan, The City of New York, the courts of the United States for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to such Grantor at its address referred to in the Credit Agreement or at such other address of which the Collateral Agent shall have been notified pursuant thereto;

(d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction; and

(e) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section 6 any special, exemplary, punitive or consequential damages.

[SIGNATURE PAGES FOLLOW]

IN WITNESS WHEREOF, each Grantor has caused this IP Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
