# **PATENT ASSIGNMENT**

---

This assignment made on the date shown below by Christopher J. McArdle of Rancho Cucamonga, CA, to Prodyne Enterprises, having a place of business at 9611 Santa Anita Ave., Rancho Cucamonga, CA 91730, (Assignee);

WHEREAS, Assignor has invented a new, original and useful invention entitled Beverage Pitcher (Invention) for which a United States design patent application will be filed, further identified by Cislo & Thomas LLP's Docket No. 10-23935 (Patent Application);

WHEREAS, Assignor believes himself to be the original, first, and sole inventor of the Invention disclosed and claimed in said Patent Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment his entire right, title, and interest in and to said Invention, and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest in and to said Invention, and said Patent Application for said Invention in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Invention directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Invention, and said Patent Application filed, and any patents granted for said Invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Invention, whether on an application for said Invention, said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of his entire interest in said Invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date first above written and as set forth below.

Date: Aug. 10, 2010
