ASSIGNMENT

In accordance with our obligations under an Employee Innovation and Proprietary Information Agreement or (as applicable) arising out of other agreements (such as, but not limited to, the Services Agreement between the General Electric Company, a New York Corporation, and my employer), and/or for other good and valuable consideration of which we acknowledge receipt, we,

Martin Nicholas AUSTIN	of	Louisville, Kentucky, United States of America
Joel Erik HITZELBERGER	of	Louisville, Kentucky, United States of America
Jeffrey M. WOOD	of	Louisville, Kentucky, United States of America
Richard DeVOS	of	Goshen, Kentucky, United States of America
Andrew Jason VEENSTRA	of	Louisville, Kentucky, United States of America
Brent Alden JUNGE	of	Evansville, Indiana, United States of America

hereby sell and assign to [Assignee, if assignee is GE, then **General Electric Company, a New York Corporation**, having an address at 1 River Road, Schenectady, New York 12345, United States of America, hereinafter referred to as "Company", its successors and assigns our entire respective rights, titles and interests in and to the invention and improvements invented and originated by us and described in the non-provisional application for United States Patent currently entitled:

EVAPORATIVE COOLING CONDENSER FOR HOUSEHOLD APPLIANCE

Executed concurrently herewith,

and any and all applications for patent and patents therefrom in any and all countries, including all divisions, continuations, reexaminations and reissues thereof, and all rights of priority resulting from the filing of said United States application, and authorize and request any official whose duty it is to issue patents, to issue any patent on said inventions and improvements resulting therefrom to said Company, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Company, we will communicate to said Company or its representatives or nominees any facts known to us respecting said inventions and improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, reexamination and reissue applications, make all rightful oaths and generally do everything possible to aid said Company, its successors, assigns, and nominees to obtain and enforce proper patent protection for said invention and its improvements in all countries.
