ASSIGNMENT

For good and valuable consideration, the sufficiency of which is hereby acknowledged, the undersigned, **Polychromix Corporation**, a Massachusetts Corporation having a place of business at **30 Upton Drive, Wilmington, MA 01887-1017** (ASSIGNOR), hereby:

Sells, assigns and transfers to **Ahura Scientific Inc.**, a Delaware corporation having a place of business at **46 Jonspin Road, Wilmington, MA 01887** (ASSIGNEE), its successors, assigns and legal representatives, all hereinafter referred to as the Assignee, the entire right, title and interest for the United States and all foreign countries, in and to any and all inventions which are disclosed in the United States Letters Patents listed on attached Schedule C, and in and to all applications and for all continuing, divisional, continuation-in-part, substitute, renewal, reissue, reexamination, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on said any and all inventions, and in and to all original, reexamined and reissued patents which have been or shall be issued in the United States and all foreign countries on said inventions including the right to apply for patent rights in each country, all rights to priority, and further including any right to recover for and sue for past infringement;

Said Assignee, its successors and assignees, hereby acknowledge and accept the above sale, assignment and transfer of all the rights, title and interest enumerated above, and shall hold and enjoy the inventions and/or patents for its own use and benefit as fully and entirely as the same would have been held and enjoyed had this assignment not been made, including but not limited to the right to priority, the right to apply for patents in each country, and the right to recover for and sue for past infringement.
