ASSIGNMENT

CiDRA Corporation to CyVera Corporation

In consideration of one dollar and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CiDRA Corporation ("Assignor"), having an office at 50 Barnes Park North, Wallingford, Connecticut 06452, hereby assigns and transfers to, CyVera Corporation ("Assignee"), having an office at 50 Barnes Park North, Wallingford, CT, 06492, all of its present and future rights, title or interest in:

United States Patent Application, Serial Number 60/519,932, entitled "Diffraction Grating-Based Encoded Micro-Particles for Multiplexed Experiments," filed Nov. 14, 2003, (hereinafter, "Assigned Patent Application");

and to all divisional, continuation, continuation-in-part (CIP), substitute, renewal, reissue, or other application based on or claiming priority from the Assigned Patent Application which have been or shall be filed in the United States or in a foreign jurisdiction (hereinafter, "Related Patent Applications");

and to all original, reissued, or reexamined patents which have been or shall be issued from the Assigned Patent Application and/or Related Patent Applications in the United States or in a foreign jurisdiction.

Assignor further promises to carry out in good faith the intent and purpose of this Assignment, and further promises to execute any and all documents necessary to effect such assignment, including to execute or have executed by the inventors and/or the Assignor's agents, employees or contractors, all rightful oaths, declarations, assignments, powers of attorney or other lawful papers necessary to perfect or record the rights hereby assigned to Assignee and to reflect Assignee's or Assignee's successors' and assigns' ownership thereof, to the extent that such inventors, agents, employees or contractors have an obligation to Assignor to do so.

The Assignor has executed this Assignment by its duly authorized undersigned representative, effective as of December 15, 2003.
