and,

Tigran Ohanyan, residing at 14759 Kittridge Street, Van Nuys, CA 91405,

(hereinafter collectively referred to as "Assignor"), have invented certain new and useful improvements in "Universal Magnet Roller Press Apparatus, Assembly, and Method" (hereinafter referred to as the "Invention") for which Assignor is making or has made application for LETTERS PATENT OF THE UNITED STATES, which application has been duly executed by Assignor on the date(s) listed below.

WHEREAS,

Mitsubishi Kagaku Imaging Corporation, a corporation organized and existing under the laws of the State of Delaware, US, having a place of business at 1175 Aviation Place, San Fernando, CA 91340 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to the Invention within the United States of America and its territorial possessions and all foreign countries any United States or foreign LETTERS PATENT that may be granted therefore.

NOW, THEREFORE,

for good and valuable considerations, the receipt which is hereby acknowledged, Assignor has assigned, sold and transferred, and does assign, sell and transfer to the Assignee the entire right, title and interest in and to the Invention within the United States of America and its territorial possessions and all foreign countries and in and to any LETTERS PATENT of the United States and foreign countries, including utility models, inventor's certificates and like government grants, and all divisions, reissues, continuations, continuation-in-part applications and extensions of any of the applications that may be granted therefore, and the right to apply for LETTERS PATENT in foreign countries with full benefit of such priorities as may now or hereafter be granted to Assignor by local laws or by treaty including any international convention, for the protection of industrial property, together with the right to extend the protection of the United States LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America.
