Except as otherwise provided in this Agreement, Seller shall have no financial liability to Purchaser for termination of the Agreement pursuant to this Section 3.2. Upon such termination, Purchaser will return all documents delivered to Purchaser from Seller and Purchaser shall take no action (i) to file any oppositions in any patent office; (ii) to institute a re-examination procedure in the USPTO; (iii) to institute an interference proceeding in the USPTO based on Confidential Information supplied by Seller pursuant to this Agreement; (iv) to otherwise take action based on Confidential Information supplied by Seller pursuant to this Agreement to jeopardize Seller's and/or Assignor's rights in the Patents in any manner whatsoever. The provisions of this section 3.2, section 5, section 6, and section 7 will survive any termination.

ARTICLE IV - ASSIGNMENT OF IP

4.1 After receipt of full Payment, Seller will have Assignor execute an Assignment of Patents in the form of **Exhibit B**. Seller will deliver each Assignment of Patents to Purchaser within 10 days after receiving the Payment.

4.2 Purchaser hereby acknowledges and agrees that (i) notwithstanding the assignment(s) provided pursuant to section 4.1 above, Seller and Assignor hereby retain (on behalf of themselves and all Affiliates) and Purchaser hereby grants to Seller and all other Affiliates, a perpetual, nonexclusive, transferable (as provided for herein), irrevocable, fully paid-up, royalty-free, worldwide right and license to Practice, with no right to sublicense, each of the Patents; *provided, however*, that the right and license granted in this Section 4.2 to any company (including Seller and Assignor) that is an Affiliate shall terminate on the date such company ceases to be an Affiliate.

4.3 As part of and to further evidence this Agreement, Purchaser may record in the U.S. Patent and Trademark Office, authorized U.S. registrars, and foreign patent, trademark, and registrar offices around the world, as applicable, executed copies of **Exhibit B**, attached hereto, where it may be open for public inspection. Seller hereby authorizes and requests the U.S. Patent and Trademark Office and any official of any foreign country whose duty it is to issue patents on the applications included in the Patents, to issue all Letters Patent for the inventions disclosed therein to Purchaser, its successors and assigns, in accordance with the terms of this Agreement. In addition, at the reasonable request of Purchaser, Seller will have executed and deliver such other instruments and do and perform such other acts and things as may be necessary or desirable for effecting completely the consummation of the transactions contemplated hereby.

4.4 Within 30 days after the Effective Date, Seller will transfer to Purchaser or its agent all files in possession or under the control of Seller, Assignor, and its and their agents that pertain to the Documents. Following the Effective Date, Purchaser acknowledges and agrees that Seller, Assignor, and Affiliates will have no responsibility to take any acts with respect to any of the Patents.

4.5 Seller covenants and agrees that it will, without further consideration, execute (and have executed) and deliver any and all papers that may be reasonably necessary or desirable to perfect title in the Patents to Purchaser, its successors or assigns, it being understood that any expense incident to the execution of such papers shall be borne by the Purchaser, its successors and assigns.

4.6 Seller, Assignor, and Affiliates will continue to prosecute, maintain and defend the Patents, at their sole expense, until the Effective Date and will pay any maintenance fees, annuities, and other fees due or payable with respect to the Patent Rights until the Effective Date. On or promptly after the Effective Date, Seller will notify Purchaser of any action required with respect to any Patents during the 60-day period following the Effective Date and will cooperate with Purchaser's and/or its representatives' taking of such actions.

4.7 To the extent the Patents include non-United States patents and patent applications, Seller will deliver executed writings to Purchaser, in a form as may be required in the non-US jurisdiction, in order to perfect the assignment to Purchaser of the non-US patents and patent applications within the Patents.

ARTICLE VI - CONFIDENTIAL INFORMATION

6.1 If Seller marked or designated any Documents as Confidential Information, Purchaser shall hold them in confidence, not use them to the detriment of Seller, and not disclose or otherwise make them available to a third party without the prior written consent of Seller (which consent may be given or withheld in Seller's sole discretion).

For the avoidance of doubt, recording assignments of any or all of the Patents shall not be a breach of this Article VI.

ARTICLE VII - GENERAL PROVISIONS

7.1 Seller hereby represents and warrants that this Agreement has been duly authorized, executed and delivered by Seller and constitutes Seller's and Assignor's valid and binding obligation, enforceable in accordance with its terms.

7.2 Seller hereby represents and warrants that there is no action or preceeding pending or, in so far as Seller or any Affiliate knows, threatened, before any court, administrative agency or other tribunal which could impact upon Seller's right, power and authority to enter into this Agreement, to grant the rights granted to Purchaser hereunder, or to otherwise carry out its obligations hereunder.

7.3 This Agreement (and all schedules hereto) constitute the entire agreement and understanding of the parties with regard to the subject matter hereof and merges and supersedes all prior discussions, negotiations, understandings and agreements between the parties concerning the subject matter hereof. Neither party shall be bound by any definition, condition, warranty, right, duty or covenant other than as expressly stated in this Agreement or as subsequently set forth in a written document signed by both parties. Each party expressly waives any implied right or obligation regarding the subject matter hereof.

7.4 This Agreement shall be interpreted and construed, and the legal relations created herein shall be determined, in accordance with the laws of the State of New York and the United States.

7.6 Any of the provisions of this Agreement which are determined to be invalid or unenforceable in any jurisdiction by a court sitting in such jurisdiction shall be ineffective to the extent of such invalidity or unenforceability in such jurisdiction, without rendering invalid or unenforceable the remaining provisions hereof or affecting the validity or enforceability of any of the provisions of this Agreement in any other jurisdiction.

7.7 Except as expressly stated herein, nothing in this Agreement is intended to confer benefits, rights or remedies unto any person or entity other than the parties hereto or their successors and assigns. Purchaser may assign this Agreement without the prior consent of Seller. Seller may assign this Agreement to any Affiliate without the prior consent of Purchaser.

7.8 The headings used herein are for reference and convenience only, and shall not enter into the interpretation of this Agreement.

7.9 No term or provision hereof will be considered waived by either party hereto, and no breach consented to by either party hereto, unless such waiver or consent is in writing signed on behalf of the party against whom the waiver or consent is asserted. No consent to or waiver of a breach by either party hereto, whether express or implied, will constitute a consent to, waiver of, or excuse for any other, different, or subsequent breach by such party.

7.10 On behalf of themselves and Affiliates, the parties hereby acknowledge and agree that: (a) the provisions and restrictions contained in this Agreement are reasonable and necessary for protection of the legitimate interests of the parties hereto; (b) neither party would have entered into this Agreement in the absence of such provisions and restrictions; and (c) any material violation of any provision of this Agreement by a party hereto or such party's Affiliate, agents and representatives may result in irreparable injury to the other party hereto, which injury may be inadequately compensable in monetary damages. Accordingly, each party acknowledges and agrees that the other party shall be entitled to seek preliminary and/or permanent injunctive relief from any material violation or threatened violation of this Agreement by the other party hereto or by such other party's Affiliates, agents or representatives, without the necessity of proving actual damages or posting any bond or other security. The rights and remedies of each party under this Agreement shall be cumulative and in addition to any other rights or remedies to which the such party may be entitled under this Agreement, at law, or in equity.
