ASSIGNMENT

For valuable consideration, I, James R. Uhl, of 711 9th Street SW, Rochester, MN 55902, an inventor of the inventions and improvements that are the subject of an application for United States Patent entitled *Detection of Group B Streptococcus*, filed November 18, 2003, and assigned U.S. Serial Number 10/716,005, hereby assign to Mayo Foundation for Medical Education and Research, a corporation of Minnesota having a place of business at: 200 First Street SW, Rochester, MN 55905, and its successors and assigns (collectively hereinafter called "the Assignee") the entire right, title and interest throughout the world of the inventions and improvements which are the subject of the above-referenced application for United States Patent.

This Assignment includes said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions and improvements. This Assignment includes the right to claim priority based upon the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes.

I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements.

I agree for myself and my respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, Assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

I, James R. Uhl, inventor of the above-referenced inventions and improvements, hereby execute this Assignment on this 13 day of February, 200⁴, in the presence of the below-identified notary.
