WHEREAS, we, William Crowder, residing at 68 Marine View Drive, Camarillo, CA 93010, and Jeffrey Koller, residing at 3549 Glen Abbey Lane, Oxnard, CA 93036, and David Fullagar, residing at 775 Cherryvale Road, Boulder, CO 80303, (hereinafter, individually and collectively the "Assignor"), have invented certain new and useful inventions for which a provisional patent application for Letters Patent of the United States has been prepared and filed on April 24, 2009, receiving Application No. 61/172,638, having Attorney Docket No. **0234-US-P1**, and for which a non-provisional patent application for Letters Patent entitled "**Media Resource Storage and Management**" has been prepared and filed with the United States Patent and Trademark Office on April 26, 2010, receiving Application No. 12/767,338, having Attorney Docket No. **0234-US-U1**.

NOW THEREFORE, for good and valuable consideration, receipt of which is acknowledged, Assignor has agreed to assign and transfer and does hereby assign and transfer unto **Level 3 Communications, LLC** ("Company"), a limited liability company organized and existing under the laws of the State of Delaware, having its principal office at 1025 Eldorado Boulevard, Broomfield, Colorado 80021, its successors and assigns, the entire right, title, and interest in and to said invention and applications, and in and to any divisional or continuation (in whole or in part) of said application, and in and to any and all improvements in said invention made by Assignor (provided any such improvement is made during, or within one year after the termination, of the employment by said Company of Assignor), and in and to any and all Letters Patent, reexaminations, reissues, or extensions thereof, of the United States of America and countries, foreign thereto (including the right to apply for Letters Patent, Utility Models, or Inventors' Certificates in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reexamination, reissue, or other or further application based in whole or in part upon said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made;

Assignor further agrees for Assignor and for Assignor's heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as Assignor lawfully may, that may be deemed necessary by said Company, its successors, assigns, and nominees, fully to secure its
