PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (this "**Assignment**") dated as of the 27th day of July, 2010 (the "**Effective Date**") is made by and between Intevras Technologies LLC, a Texas limited liability company ("**Assignor**"), and Layne Christensen Company, a Delaware corporation ("**Assignee**").

WHEREAS, Assignor and Assignee are, among others, parties to that certain Agreement of Sale, dated as of July 27, 2010 (the "**Agreement**"), pursuant to which Assignor has agreed to sell and Assignee has agreed to purchase the "Purchased Assets" as defined in the Agreement;

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the patents and patent applications identified and set forth on Schedule A and that constitute "Purchased Assets" under the Agreement (collectively, the "**Patent Properties**").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby irrevocably sell, assign, transfer and convey unto Assignee, its successors and assigns, the entire right, title and interest in and to the Patent Properties and the inventions therein disclosed, including any divisionals, continuations, continuations in part, extensions, renewals, and reissues thereof throughout the world; and in and to all applications for patents or similar legal protection that may hereafter be filed for said inventions in any country, all patents or similar legal protection that may be granted for said inventions in any country and all extensions, renewals and reissues thereof or legal equivalent thereof; the same to be held and enjoyed by Assignee for its own use and the use of its successors and assigns, to the full end of the term for which the Patent Properties may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made.

Assignor agrees to cooperate with Assignee so that Assignee may enjoy to the fullest extent the right, title, and interest conveyed in this Assignment. Such cooperation shall include:

1. Prompt execution of all papers, to be prepared at the expense of Assignee, that are deemed necessary or desirable by Assignee to perfect the right, title and interest conveyed in this Assignment.
2. Prompt execution of all petitions, oaths, specifications, declarations or other papers, to be prepared at the expense of Assignee, that are deemed necessary or desirable by Assignee for prosecuting the applications identified in this Assignment, for filing and prosecuting substitute, divisional, continuation, continuation in part, extension, renewal or additional applications in the United States or foreign countries covering the Patent Properties and the inventions disclosed therein, for filing and prosecuting applications for reissuance of letters patent included in this Assignment, or for interference proceedings involving the Patent Properties and the inventions disclosed therein.
3. Prompt assistance and cooperation in the prosecution of legal proceedings involving the Patent Properties and the inventions disclosed therein, the applications and patents granted on the same, including oppositions, cancellation proceedings, priority contests, interferences, public use proceedings and court actions; provided, however, that reasonable compensation for time expended by Assignor and any reasonable out-of-pocket expenses that may be incurred by Assignor in lending such assistance and cooperation be paid by Assignee.

Assignor hereby authorizes and requests the Director of Patents of the United States, and any official of any other country whose duty it is to issue patents or similar legal protection on said applications, to issue patents or similar legal protection for said inventions to Assignee, the same to be held by Assignee for its own use and benefit, to the full end of the term for which said patents or similar legal protection are or may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

Assignor hereby covenants and warrants that as of the date hereof it is the true and lawful owner of the entire, right, title and interest in the Patent Properties and the inventions therein disclosed, that it has the full right and power to convey the same, that the same are free and clear of all liens, charges and encumbrances whatsoever, and that it has not executed and will not execute any agreement in conflict herewith.
